NEW GRANTS

Main Street Matters Program

The Main Street Matters program (MSM) is designed to support our downtown cores and surrounding neighborhoods with tools to create healthy, vibrant, and welcoming communities. Funding is available to support revitalization efforts in planning, business support, aesthetic improvements, and the increase of safety and security. Main Street Matters funding is processed under the authority of Section 3 of the Act of May 10, 1939 (P.L. 111, No. 51), known as the Commerce Law. Funding was appropriated for this program under Section 1719-H of Subarticle B of the Act of April 9, 1929 (P.L. 343, No. 176) known as the Fiscal Code.

Eligibility requirements: Local government units, redevelopment and housing authorities, nonprofit organizations, community development corporations, and business improvement districts are all essential components of a community's development.

Enrollment: Applications were accepted from September 5, 2024 through November 15, 2024, and anticipated again in Fall of 2025.

NEW GRANTS

PASmart Supporting Pennsylvania's Organic Agriculture through Registered Apprenticeships and Pre-Apprenticeships Grant Program

The PA Department of Labor & Industry (L&I) announced the availability of \$2 million in PASmart funding, with a maximum award amount between \$200,000 and \$400,000, to support the development of new Registered Apprenticeship and/or Pre-Apprenticeship Programs specific to occupations in organic agriculture. Prioritized occupations include organic inspectors, certified organic farmers, certified organic processors, experienced labor on organic farms, and in certified organic processing facilities.

Eligibility requirements: Organizations that will serve as sponsors or intermediaries of new registered apprenticeships/pre-apprenticeships, or currently existing and already registered, and follow program applicable eligibility criteria.

Enrollment: The application deadline for this grant opportunity closed on Friday, February 28, 2025. The next opening date has not yet been determined.

NEW GRANTS

Historically Disadvantaged Business Assistance Program

The Pennsylvania Department of Community and Economic Development (DCED) has partnered with nonprofit organizations, economic development organizations, and educational institutions to provide technical assistance and business support services designed to increase access to capital, promote economic empowerment, and increase the number of small and diverse businesses engaging in business with Pennsylvania and other government entities.

Eligibility requirements: Applicants located in Pennsylvania that have established experience and expertise in business economic development, preferably with historically disadvantaged communities that are a community-based nonprofit organization with at least three years of operating experience, an educational institution, or a nonprofit economic development organization with established history and at least 3 years of operating experience.

Enrollment: Applications were accepted December 16, 2024 through January 22, 2025. The date of the next application period has not yet been determined.

Commonwealth Financing Authority

The Commonwealth Financing Authority (CFA) was established in 2004 as an independent agency of the Department of Community and Economic Development (DCED) to administer Pennsylvania’s economic stimulus packages. The CFA holds fiduciary responsibility over the funding of programs and investments in Pennsylvania’s economic growth. Unique among state agencies in structure and scope, the CFA consists of seven Board members: four legislative appointees and the secretaries of DCED, the Office of the Budget and the Department of Banking and Securities. Project approval requires five affirmative votes, four of which must come from legislative appointees.

Many of these grants utilize the DCED Single Application found at <https://www.esa.dced.state.pa.us/>.

Additional information can be found at <https://dced.pa.gov/programs-funding/commonwealth-financing-authority-cfa/>.

Act 13 Programs

The Marcellus Legacy Fund was created by Act 13 of 2012 to provide for the distribution of unconventional gas well impact fees to counties, municipalities, and commonwealth agencies. Pursuant to Section 2315 (a) (6) (i) of the Act, a portion of the fee revenue will be transferred to the Commonwealth Financing Authority (CFA) for statewide initiatives that will include abandoned mine drainage abatement; abandoned well plugging; sewage treatment; greenways, trails, and recreation; baseline water quality data; watershed restoration; and flood control.

Abandoned Mine Drainage Abatement and Treatment Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocated funds to the CFA for abandoned mine drainage, abatement, and treatment with the Abandoned Mine Drainage Abatement and Treatment Program (AMDATP). Abandoned Mine Drainage (AMD) is one of the largest sources of stream impairment in Pennsylvania. Billions of gallons of AMD impair over 5,500 miles of streams within the Commonwealth. Grants shall be awarded to eligible applicants for projects that do not exceed \$1,000,000. The grant requires at least a 15% local match of the total project cost.

Eligibility requirements: Eligible applicants can apply for eligible projects such as Abandoned Mine Land (AML) reclamation projects, construction of new AMD remediation projects, repair of existing AMD remediation project sites, operations and maintenance of costs associated with maintaining current operating AMD remediations, monitoring water quality, projects that use AMD for oil and gas well development, and projects using new technology or research methods to study or design new treatment measures to abate/reduce AMD.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/abandoned-mine-drainage-abatement-treatment-program-amdatp/>

Act 13 Programs (continued)

Baseline Water Quality Data Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA to be used to fund statewide initiatives to establish baseline water quality data on private water supplies using the Baseline Water Quality Data Program (BWQDP). Grants shall be awarded to eligible applicants for projects that do not exceed \$250,000. The grant requires at least a 15% match of the total project cost.

Eligibility requirements: Eligible applicants can apply for eligible projects that will use accepted scientific principles and practices or water sample collection, and analysis, to document existing groundwater quality conditions on private water supplies.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/baseline-water-quality-data-program/>
- <https://dced.pa.gov/download/baseline-water-quality-data-guidelines/?wpdmdl=81373>

Act 13 Programs (continued)

Flood Mitigation Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA funding statewide initiatives to assist with flood mitigation projects. Grants shall not exceed \$500,000 for any project and are required to have at least a 15% match of the total cost. Further, to be eligible for reimbursement, costs must be incurred within the time frame established by the grant agreement, except costs related to engineering design.

Eligibility requirements: Eligible applicants can apply for eligible projects authorized by a flood protection authority, the PA Department of Environmental Protection (DEP), the U.S. Army Corps of Engineers (Corps) or the U.S. Department of Agriculture's Natural Resources Conservation Service (NRCS) or identified by a local government for flood mitigation. Further, grants are awarded to eligible applicants for projects with a total cost of \$50,000 or more.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/flood-mitigation-program-fmp/>
- <https://dced.pa.gov/download/flood-mitigation-program-guidelines/?wpdmdl=81376>

Act 13 Programs (continued)

Greenways, Trails, and Recreation Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA for planning, acquisition, development, rehabilitation and repair of greenways, recreational trails, open space, parks, and beautification projects using the Greenways, Trails, and Recreation Program (GTRP). Grants shall not exceed \$250,000 for any project and a 15% match of the total project cost is required.

Eligibility requirements: Eligible applicants can apply for eligible projects such as public parks and recreation areas, greenways and trails, or rivers and conservation.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/greenways-trails-and-recreation-program-gtrp>
- <https://dced.pa.gov/download/greenways-trails-recreation-program-gtrp-guidelines/?wpdmdl=81379>

Orphan or Abandoned Well Plugging Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA for funding orphan or abandoned well plugging projects using the Orphan or Abandoned Well Plugging Program (OAWP). Pennsylvania has had hundreds of thousands of oil and gas wells drilled since 1859. This program provides a mechanism to plug abandoned and orphaned wells that have the potential to cause health, safety, or environmental concerns. There is a maximum of \$1,000,000 for any project.

Eligibility requirements: Eligible applicants can apply for eligible projects that include the cleaning out and plugging of abandoned and orphan oil and gas wells, stray gas mitigation systems, and well venting projects.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/orphan-abandoned-well-plugging-program-oawp/>
- <https://dced.pa.gov/download/orphan-abandoned-well-plugging-program-oawp-guidelines/?wpdmdl=81384>

Act 13 Programs (continued)

Sewage Facilities Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA for statewide initiatives for complying with the Act of January 24, 1966 (1965 P. L. 1535, No. 537), known as the Pennsylvania Sewage Facilities Act. Grants shall be awarded to eligible applicants up to \$100,000. A 50% match of the total project cost is required.

Eligibility requirement: Eligible applicants can apply for funds that can be used by the applicant to pay for eligible project costs such as costs associated with the planning work required under the PA Sewage Facilities Act or administrative costs of the applicant necessary to administer the grant (with restrictions).

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/sewage-facilities-program-sfp/>.
- <https://dced.pa.gov/download/sewage-facilities-program-sfp-guidelines/?wpdmdl=81389>

Act 13 Programs (continued)

Watershed Restoration and Protection Program

Act 13 of 2012 established the Marcellus Legacy Fund and allocates funds to the CFA for watershed restoration and protection projects. The overall goal of the Watershed Restoration and Protection Program (WRPP) is to restore and maintain restored stream reaches impaired by the uncontrolled discharge of nonpoint source polluted runoff, and ultimately to remove these streams from the Department of Environmental Protection's Impaired Waters list. There is a maximum of \$300,000 for any project and a 15% match of the total project cost is required.

Eligibility requirements: Eligible applicants can apply for eligible projects relating to watershed restoration/protection projects implementing runoff control or runoff reduction BMPs on agricultural operation or addressing urban or residential areas negatively impacting local or regional stream quality; watershed projects that refurbish, restore or create stream bank or stream channel stabilization; repair and maintenance of existing watershed BMPs; and monitoring of water quality.

Enrollment: Applications will be accepted annually from February 1 to May 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/watershed-restoration-protection-program-wrpp/>.
- <https://dced.pa.gov/download/watershed-restoration-protection-program-wrpp-guidelines/?wpdmdl=81395>

Building PA

The CFA, through the Building Pennsylvania Program, provides loans to fund managers for investment in real estate projects within the Commonwealth.

Studies and experience have shown that many real estate projects within the Commonwealth are unable to obtain “gap” or mezzanine financing in order for worthwhile projects to become reality. The Commonwealth’s traditional bricks and mortar, infrastructure, and site preparation financing programs lack the flexibility to fill this financing void. Additionally, many Pennsylvania communities are struggling to attract adequate real estate investment to meet the needs of a fast-changing economy. The CFA Building Pennsylvania Program has been created to meet the needs of those projects, targeting its investment to projects of highest impact like those in low-income communities, those that revitalize our central business districts or redevelop our brownfields, and those that create facilities for our future high growth industries. These projects will create jobs while stimulating economic growth and increase the vitality of our communities.

The Building Pennsylvania Program is a Commonwealth of Pennsylvania initiative intended to address these financing needs. By providing \$150 million in loans to real estate fund managers, another \$150 million of private capital will be leveraged, creating a total pool of \$300 million which will be available to finance high impact real estate projects within the Commonwealth. Focused on industrial, commercial, and multi- use projects, the program will support the acquisition, development, redevelopment, and revitalization of communities. In order to focus capital investments in traditionally underserved areas, the commonwealth has earmarked 50% of the funds to be made available for those real estate projects located in areas other than cities of the first and second class. All loans are made pursuant to the statutory authority of the CFA.

Eligibility requirements: Eligible applicants can apply for eligible industrial or commercial and multi-use projects for investment and shall not be awarded to an applicant unless the applicant certifies they will not discriminate against any employee or person seeking employment; further, all contracts for work paid with grand funds must contain the Commonwealth’s official nondiscrimination clause.

Enrollment: Applications are accepted July 1, 2024 to June 30, 2025.

Additional Information can be found below:

- <https://dced.pa.gov/programs/building-pa/>.
- <https://dced.pa.gov/download/buildingpa-guidelines/?wpdmdl=57863>

Email: ra-dcedsitedvpt@pa.gov

Business in Our Sites Program

The Business in Our Sites Program provides grants and loans for the acquisition and development of key sites for future use by businesses, private developers, and others. The program is administered through the CFA and is intended to provide financial assistance to municipalities and others to plan and prepare sites for future use. Projects which require site development assistance where a business has already committed to locating at a specific site or where a private developer has already committed to locating a facility for a specific user may also seek financial assistance under other appropriate programs administered by the Department of Community and Economic Development (DCED).

There is no maximum or minimum loan amount. However, the amount of the grant may not exceed \$4 million or 40% of the total combined grant and loan award, whichever is less. Private developers are only eligible for loans.

Loans will be repaid over a period not to exceed 20 years. The interest rate for the loan will be 2% or 3% depending on the unemployment rate of the county where the project is located when the CFA is in a first lien position. If the CFA is in a subordinate lien position, the interest rate will be 8% or 9% based on the unemployment rate of the county where the project is located.

Eligibility requirements: Eligible applicants can apply for eligible projects such as previously utilized sites or undeveloped sites, and all applicants must present a plan to manage and market the development of the site and demonstrate there is substantial likelihood of future use of the site after the property is made shovel-ready so that the property will ultimately generate economic growth and increase employment opportunities in the surrounding community.

Enrollment: Application period for this program ended March 31, 2024. Next opening date has not yet been determined.

Multimodal Transportation Fund

The Multimodal Transportation Fund (MTF) program provides grants to encourage economic development and ensure that a safe and reliable system of transportation is available to the residents of this commonwealth.

The program is intended to provide financial assistance to municipalities, councils of governments, businesses, economic development organizations, public transportation agencies and rail and freight ports in order to improve public transportation assets that enhance communities, pedestrian safety, and transit revitalization. The program will be jointly administered by DCED and the Department of Transportation (PennDOT), under the direction of the CFA.

Funds may be used for the development, rehabilitation, and enhancement of transportation assets to existing communities, streetscape, lighting, sidewalk enhancement, pedestrian safety, connectivity of transportation assets and transit-oriented development. Grants are available for projects with a total cost of \$100,000 or more. Grants shall not exceed \$3 million for any project.

Eligibility requirements: Eligible applicants can apply for eligible projects that include a project that coordinates local land use with transportation assets to enhance existing communities; a project related to streetscape, lighting, sidewalk enhancement and pedestrian safety; a project improving connectivity or utilization of existing transportation assets, and a project related to transportation aspects of transit-oriented development.

Enrollment: Applications are accepted annually between March 1 and July 31.

Additional information can be found below:

- <https://dced.pa.gov/programs/multimodal-transportation-fund/>

New PA Venture Capital Investment Program

The New PA Venture Capital Investment Program shall provide loans to venture capital partnerships for investment in Pennsylvania-related companies. The nature of the investments by the venture capital partnerships shall be equity or convertible debt.

This initiative is intended to address the financing needs of Pennsylvania businesses by providing loans to venture capital partnerships. In addition, in order to increase the amount of capital available in traditionally underserved areas, the Commonwealth has instructed that 50% of program funds be made available to those venture capital partnerships with primary offices staffed with at least one full-time senior-level partner located in Pennsylvania counties which are outside the Philadelphia Metropolitan Statistical Area, and which have a population of one million people or less. All loans are made pursuant to the statutory authority of the Commonwealth Financing Authority.

The CFA New PA Venture Capital Investment Program's flexible financing is designed to meet the needs of technology-oriented businesses and is adaptable to the newly developed business structures evolving in the technological economy. The CFA New PA Venture Capital Investment Program holds the promise of more firmly establishing a technology-based economy within Pennsylvania, allowing Pennsylvania to compete in the global marketplace.

The actual method of financing to be offered by the CFA New PA Venture Capital Investment Program is through a loan product to either the general partnership of the fund, to the management company of the fund, or to a separate entity established and under the control of the management company or general partnership of the fund. A venture capital partnership is an entity whose purpose is to make investments in companies and is formed as a limited partnership, limited liability company or comparable investment entity.

New PA Venture Capital Investment Program (continued)

Eligibility requirements: Eligible applicants can apply for eligible projects where the ultimate beneficiary of the financing must be a Pennsylvania related company, or an entity willing to locate significant business operations in the Commonwealth; there is financial return mechanism to the program, and the fund applicant must be willing to provide all pertinent information requested to complete a due diligence review of the proposed investment in the venture capital partnership.

Enrollment: Applications are considered on a rolling basis.

Pipeline Investment Program

The Pipeline Investment Program (PIPE) provides grants to construct the last few miles of natural gas distribution lines to business parks, existing manufacturing, and industrial enterprises, which will result in the creation of new economic base jobs in the Commonwealth while providing access to natural gas for residents.

Funds may be used for acquisition, construction, and site preparation costs associated with extending natural gas pipelines to serve eligible applicants. The maximum grant amount of any Pipeline Investment Program project award shall not exceed \$1.5 million or 50% of the total project costs, whichever is less. In addition to the maximum grant amount, the CFA may provide grants for tapping costs not to exceed \$500,000. An eligible applicant shall provide matching funds of not less than 50% of the total project cost.

Eligibility requirements: Eligible applicants can apply for eligible projects that include natural gas extension, large residential conversion projects, or combined heat and power projects. Upon approval and receipt of a commitment letter, the grant agreement must be electronically signed by the grantee and returned to the CFA within 45 days of the date of the commitment letter or the offer may be withdrawn by the CFA.

Enrollment: Applications are considered on a rolling basis.

Public School Facility Improvement Grant

The Public School Facility Improvement Grant was created to provide grants to public school districts and area career and technical schools for eligible facility improvement projects and is administered by DCED under the direction of the CFA.

Funds may be used for roof repairs and roof replacement; heating, ventilation, and air conditioning equipment; boilers and controls; plumbing systems; energy-saving projects; health and safety upgrades; emergencies; accessibility projects; internet connectivity; demolition; window repairs; and window replacement. School entities are eligible to apply. "School Entity" is defined as a school district or area career and technical school.

Grants are available for eligible projects with a total project cost of \$500,000 or more. Grants shall not exceed \$5 million for any project. A single grant cannot exceed 75% of the total eligible costs, projects require a cash match of 25% of total eligible costs.

Eligibility requirement: Eligible applicants can apply for eligible projects that may be used to pay for applicable project costs.

Enrollment: Applications were considered from March 1, 2024, to May 31, 2024. The next opening date has not yet been determined.

Tax Increment Financing Guarantee Program

The Tax Increment Financing Guarantee Program is designed to promote and stimulate the general economic welfare of various regions and communities in the Commonwealth of Pennsylvania and assist in the development, redevelopment and revitalization of brownfield and greenfield sites through the use of Tax Increment Financing (TIF) in accordance with the Tax Increment Financing Act of July 11, 1990, as amended, 53 P.S. §6930.1 et seq. (the “TIF Act”).

The program is part of an effort by the Commonwealth Financing Authority (CFA) and the Department of Community and Economic Development (DCED) to provide credit enhancement for TIF projects to improve market access and lower capital costs through the use of guarantees to issuers of bonds or other indebtedness.

Any issuer of TIF Debt Obligations for a project located within a municipality, other than a city of the first or second-class, may apply to the Tax Increment Financing Guarantee Program. Eligible issuers under the TIF Act include all municipal authorities, industrial and commercial development authorities, and redevelopment authorities including boroughs, townships, towns, counties, and home rule municipalities.

The maximum amount that the CFA will pay under its guarantee is \$5 million inclusive of principal and interest. Guarantee amounts will be determined by the scope of the project, the estimated projections of future tax revenues to be generated by the project, the estimated financing cost savings realized through the provision of a guarantee, and the ability of the CFA to assume the rights to security provided to the holders of the TIF project debt in the event of a default.

Eligibility requirements: Eligible applicants that issue TIF bonds to fund local economic development projects can apply for eligible projects that meet the minimum criteria set by the program.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Local Share Account Programs

Statewide LSA

The Pennsylvania Race Horse Development and Gaming Act (Act 2004-71), as amended, provides for the distribution of gaming revenues through the Commonwealth Financing Authority (CFA) to support projects in the public interest within the Commonwealth of Pennsylvania. Grant awards must have a minimum eligible cost of \$25,000 and requests shall not exceed \$1 million for any project. Applications will be considered annually September 1 to November 30.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/pa-gaming-statewide-local-share-account-guidelines/?wpdmdl=113332>

Category 4 Facilities LSA Program (Berks, Westmoreland, and York Counties)

The Pennsylvania Race Horse Development and Gaming Act (Act 71 of 2004 or the “Gaming Act”), as amended, provides for the distribution of gaming revenues from Category 4 licensed facilities through the CFA to support projects in the public interest within the host counties. Grant amounts will vary based on the specific project requirements. Eligible applicants must be located in Berks, Westmoreland, or York County. Applications are considered annually September 1 to November 30.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/local-share-account-lsa-category-4-facilities-program-guidelines/?wpdmdl=114069>

Fayette County LSA

As required under the Gaming Act, DCED has developed program guidelines for Local Share Account funds in Fayette County. The Redevelopment Authority of the County of Fayette (RACF) is the only eligible applicant. Interested entities should contact RACF regarding the local application process for more information. The application period ended July 26, 2024. The next opening date is not determined.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>

Local Share Account Programs (continued)

Luzerne County LSA

As required under Act 71 (the Gaming Act), the CFA has developed program guidelines for Local Share Account funds in Luzerne County. Projects must be in the public interest. Eligible applicants include the Luzerne County Redevelopment Authority and any municipality in Luzerne County. Grant amounts will vary based on the specific project requirements. Applications are considered annually July 1 to November 30.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/pa-gaming-luzerne-lsa-guidelines/?wpdmdl=79806>

Monroe County LSA

As required under Act 71 (the Gaming Act), the CFA has developed program guidelines for Local Share Account funds in Monroe County. LSA funds may be used for economic development, community development and public interest projects in Monroe County and the following contiguous counties: Carbon, Lackawanna, Northampton, Pike, and Wayne. Grant amounts will vary based on the specific project requirements. Applications are considered annually July 1 to November 30.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/pa-gaming-monroe-lsa-guidelines/?wpdmdl=81362>

Northampton and Lehigh Counties LSA

As required under Act 71 (the Gaming Act), the CFA has developed program guidelines for Local Share Account funds in Northampton and Lehigh Counties. LSA funds may be used for economic development, community development and public interest projects. Grant amounts will vary based on the specific project requirements. Applications are considered annually July 1 to November 30.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/local-share-account-lsa-northampton-and-lehigh-counties/?wpdmdl=85164>

Local Share Account Programs (continued)

Montgomery County LSA - This program is currently being archived.

Under Act 71 (the Gaming Act), Montgomery County grants are available for the redevelopment, reuse, or revitalization of previously developed land, development of undeveloped land, and projects which construct, expand, or improve water and wastewater infrastructure related to business development. This program is currently archived.

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>

Philadelphia LSA

The Department of Community and Economic Development (DCED) has established the Local Share Account (LSA) – Philadelphia program to distribute a portion of slot machine license operation fees from Category 1 or 2 facilities operating within the City of Philadelphia. Funds are available for economic development, neighborhood revitalization, community improvement, and other projects in the public interest within the City of Philadelphia. Grant amounts will vary based on the specific project requirements but are limited to a minimum request/award of \$10,000 and a maximum request/award of \$500,000. Applications are considered annually December 1 to January 31. **This program is not directly administered by the Commonwealth Financing Authority.**

Additional information can be found below:

- <https://dced.pa.gov/business-assistance/business-financing/local-share-account-lsa/>
- <https://dced.pa.gov/download/local-share-account-lsa-philadelphia/?wpdmdl=87510>

Local Share Account Programs (continued)

Washington County LSA

As required under the Gaming Act, DCED has developed program guidelines for Local Share Account funds in Washington County. LSA funds may be used for economic development, job training, community improvement and public interest projects in Washington County.

The Redevelopment Authority of the County of Washington (RACW) is the only eligible applicant. Interested entities should contact RACW regarding the local application process for more information. Application deadline for this program ended October 2024. The next opening date has not yet been determined

Additional information can be found below:

DEPARTMENT OF AGING

Department of Aging

The Pennsylvania Department of Aging works to ensure that older adults across Pennsylvania have access to quality services and support that help them age and live well. Created in 1978, the department serves as the state unit on aging, advocating for the interests of all older Pennsylvanians, overseeing an array of benefits, services, and programs that are made available through its network of 52 local Area Agencies on Aging (AAAs), which cover the Commonwealth's 67 counties.

The department provides a wide array of services and programs intended to help older Pennsylvanians live and thrive in their homes and communities for as long as possible. These services include home-delivered and congregate meals, caregiver support, health and wellness services, personal assistance, senior community centers, Medicare enrollment counseling, transportation, job training, elder abuse prevention, PACE prescription assistance and more.

Senior Community Center Grants

Grant funding opportunities are intended for enhancements to increase participation and programming, attract a new generation of older adults, and enable Senior Community Centers to provide a safe and healthy environment for their participants. This funding opportunity is only open to Pennsylvania Senior Community Centers with an existing, contractual relationship with an Area Agency on Aging in accordance with Aging Program Directive #96-04-01. All applications and required documentation must be submitted electronically through the Commonwealth's Electronic Single Application before the deadline.

Eligibility requirements: Only SCCs currently in operation and that have an existing contractual relationship with AAAs to monitor compliance are eligible to apply for grant program funds.

Enrollment: The SCC grant application period for 2024-2025 opened November 1, 2024, and was closed as of December 13, 2024.

DEPARTMENT OF AGRICULTURE

Department of Agriculture

The Pennsylvania Department of Agriculture encourages, protects, and promotes agriculture and related industries throughout the Commonwealth while providing consumer protection through inspection services that impact the health and financial security of Pennsylvania's citizens.

Pennsylvania's 49,053 farm families are stewards of more than 7.3 million acres of farmland. With \$7.3 billion in cash receipts annually from production agriculture alone, Pennsylvania farms and agribusinesses are a leading economic driver in our state.

Pennsylvania agriculture contributes \$132.5 billion to our state economy annually and supports more than 593,600 jobs, paying wages of \$32.8 billion. Agriculture contributes \$1 out of every \$16 in gross state product. Agriculture supports 1 in 10 jobs in Pennsylvania.

DEPARTMENT OF AGRICULTURE

Pennsylvania Malt and Brewed Beverage Industry Promotion Program

The Pennsylvania Malt and Brewed Beverage Industry Promotion Program was created by state law, and up to \$1 million in funding may be allocated annually by the Pennsylvania Liquor Control Board (PLCB) to the program for the purposes of increasing the production of Pennsylvania-made malt and brewed beverages and enhancing the Pennsylvania malt and brewed beverage industries through promotion, marketing, and research-based programs and projects. The program is administered by five Board members who are appointed by the Governor and the General Assembly. The Board meets throughout the year to solicit, evaluate, and recommend projects to the PLCB for funding.

Funds are made available annually. The request for proposals (RFP) is published annually in the Pennsylvania Bulletin under the Department of Agriculture. This publication usually takes place in January. Proposals are reviewed and recommended by the Pennsylvania Malt and Brewed Beverage Industry Promotion Program Board to the Pennsylvania Liquor Control Board for funding.

Eligibility requirements: Funds shall be used for enhancing the Pennsylvania malt and brewed beverage industry through promotion, marketing, and research-based programs and projects.

Enrollment: The grant became effective January 1, 2025. Grant agreements will be effective for 12 months for marketing, educational and/or promotions-related projects, and for 18 months for research projects. Proposals should be sent to RA-AGCOMMODITIES@pa.gov within the application period.

Dirt, Gravel, and Low Volume Road Maintenance Program

The Dirt, Gravel and Low Volume Road Maintenance Program (DGLVR) is an innovative non-point source pollution control program for local municipal road officials. Under this program, the State Conservation Commission provides grant funding through county conservation districts to state and local entities to eliminate stream pollution caused by runoff and sediment from dirt, gravel, and low volume roads. Eligible applicants are state and local entities that own public roads. Federal roads and privately owned roads are not eligible for grant funds.

The Commission provides an annual allocation to local conservation districts based on the amount of eligible roads and identified pollution sites in a county. The conservation district, based on the local DGLVR program policy, award grants to eligible public road-owning entities.

Public entities such as townships, cities and boroughs may apply to the conservation districts for grant funding. Conservation districts establish their own grant application periods.

Eligibility Requirements: Eligible applicants can apply for grants to be used for expenses related to the implementation of environmentally sound road maintenance practices on dirt and gravel roads and low volume paved roads.

Enrollment: Applications are accepted on a rolling basis.

Additional information can be found below:

- <https://www.agriculture.pa.gov/Funding/state/Pages/Dirt-Gravel-and-Low-Volume-Road.aspx>

Ben Franklin Technology Development Authority: Venture Investment Program

The Ben Franklin Technology Development Authority Venture Investment Program (VIP) is a Commonwealth of Pennsylvania initiative intended to address the financing needs of technology-oriented businesses by increasing the amount of risk capital available. The VIP operates pursuant to the statutory authority of the Ben Franklin Technology Development Authority (BFTDA). The goal of VIP is to assist in establishing a technology-based economy within Pennsylvania, allowing Pennsylvania to compete in the global marketplace.

For purposes of this program, the BFTDA seeks to lend funds to venture capital funds. VIP funding will be provided in the form of a loan. The Commonwealth of Pennsylvania and/or the BFTDA is prohibited from holding an equity position and therefore, is not a traditional limited partner but a lender.

Eligibility requirements: Eligible applicants may apply for a loan to address the financing needs of technology-oriented businesses that are established within Pennsylvania.

Enrollment: Applications are accepted on a rolling basis.

Additional information can be found below:

Community Development Block Grant

This program provides grants and technical assistance for eligible municipalities as identified under Pennsylvania Act 179 of 1984 as amended, for any eligible community development activities. Uses for funds include housing rehabilitation, public services, community facilities, infrastructure improvement, development, and planning. The competitive program is available to all municipalities that are not direct federal recipients of CDBG funds and state Act 179 entitlement municipalities with a population less than 10,000. The competitive program has a minimum request of \$100,000 and has no maximum.

Eligibility requirements: Eligible applicants can apply for funding to support eligible public services that includes the cost of labor, supplies and materials for new services or quantifiable increase in the level of existing services provided.

Enrollment: Applications for projects considered entitlements were accepted until November 1, 2024. Applications for projects eligible for competitive submission were accepted until February 7, 2025.

ARPA Historically Disadvantaged Business Assistance Program

The Historically Disadvantaged Business Assistance (HDBA) Program supports socially and economically disadvantaged individuals who own at least a 51% interest and control management and daily business operations and meet the definition of “targeted population” as defined by the U.S. Department of the Treasury, Community Development Financial Institutions Fund. This program is deployed in partnership with the PA CDFI Networks member CDFIs, the City of Philadelphia Office of Neighborhood Economic Development, the Urban Redevelopment Authority of Pittsburgh, Allegheny County Economic Development, and the Pennsylvania Downtown Center.

This program also has partnered with Community Development Financial Institutions (CDFIs), minority chamber organizations in Philadelphia and Pittsburgh, and the Pennsylvania Professional Image Alliance to provide technical assistance to historically disadvantaged small businesses.

A single grant shall be at least \$2,500 and up to \$10,000 and shall be based on past and anticipated costs associated with, but not limited to working capital, inventory, equipment, safety and security equipment, marketing, and costs to support ongoing operations. Eligible businesses may not use the grant funds for expenses already paid with other relief measures such as federal, state, or local grants and/or loan programs.

Eligibility requirements: Eligible applicants can apply for funding that supports historically disadvantaged business that had an adverse economic impact related to COVID-19 economic reductions or increased operational cost.

Enrollment: Applications were considered February 5, 2024 to February 23, 2024. Businesses must apply through the PA CDFI Network applications system at <https://pacdfinetwork.org/about/hdbagrants/>.

Engage!

Engage! is a statewide business retention and expansion (BRE) program designed to regularly and proactively interact with targeted companies. Engage! will provide grants for purposes of a systematic BRE program to assist in the identification of Pennsylvania companies to target, the engagement of those companies through various outreach methods, assessment of the needs of those targeted companies, and assisting those targeted companies through referrals and direct technical assistance. DCED will allocate regional funding following a competitive process.

Eligibility requirements: Eligible applicants include eligible entities that are approved for funding with the goal of service businesses in good standing with Engage! partners who will place emphasis on companies in priority industries. Eligible costs are based upon those necessary to deliver a coordinated business outreach program and the necessary follow-up assistance as defined in the grant application.

Enrollment: Applications are considered on a rolling basis.

Foundations In Industry Training

The Foundations in Industry Training (FIT) Grant Program is a statewide program which offers assistance to registered apprenticeship programs. The program's goal is to increase apprenticeship availability to Pennsylvania employers to assist them with their talent recruitment and development.

Funding will be provided to eligible applicants for expenses related to instruction that complements on-the-job learning. Eligible applicants include a Single Employer, Employer Consortia, Workforce Development boards, Economic Development Organizations, Labor Organizations, Local Career Technical Education Institutions, Pennsylvania Community Colleges, and Community Organizations or Associations. Sponsors may request funding for plans not to exceed three years, at \$3,000 per apprentice per year. Costs incurred above this amount are the responsibility of the employer.

Eligibility requirements: Eligible applicants who apply are eligible for funding to increase apprenticeship accessibility across the Commonwealth.

Enrollment: Applications are considered on a rolling basis.

Keystone Communities Program

The Keystone Communities Program (KCP) program is designed to encourage the creation of partnerships between the public and private sectors that jointly support local initiatives such as the growth and stability of neighborhoods and communities; social and economic diversity; and a strong and secure quality of life. The program allows communities to tailor the assistance to meet the needs of its specific revitalization effort.

Communities may wish to consider designation through the KCP program as a Keystone Main Street, Keystone Elm Street, Keystone Enterprise Zone, or Keystone Community. Designation is an opportunity for targeted investment and development.

Eligibility requirements: Eligible applicants can apply for eligible planning, implementation, façade, development, public improvement, and accessible housing grants.

Enrollment: Designation applications are accepted on a rolling basis. Competitive funding applications are normally accepted July 1 through August 31.

Additional information can be found below:

Local Government Capital Project Loan Program

The Local Government Capital Project Loan Program is administered by the Governor's Center for Local Government Services of DCED. It was established to provide low-interest loans to municipalities with populations of 12,000 or less for the purchase of equipment and the purchase, construction, renovation, or rehabilitation of municipal facilities. The program offers small local governments, who find the cost of borrowing at conventional rates to be prohibitive, an opportunity to secure needed funds at an interest rate of 2.0% per annum. Requests for assistance may be submitted any time throughout the year.

Eligibility requirements: Eligible applicants can apply for financial assistance for the purchase of equipment, construction, renovation or rehabilitation of facilities for municipalities.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

- <https://dced.pa.gov/programs/local-government-capital-project-loan-program-lgcpl/>

Manufacturing PA Industrial Resource Center Program

The Manufacturing PA Industrial Resource Center program helps manufacturers compete more effectively through the adoption of modern manufacturing philosophies, techniques, and technologies. The program supports a network of Centers that serve as resources for technology implementation in every region of the Commonwealth and serves the state's small and medium-sized manufacturing industries. Grant funds may be used for reasonable salary and other personnel expenses, leased space for operational purposes, travel, administration, equipment, supplies and other expenses associated with the development and delivery of IRC services.

Eligibility requirements: Eligible applicants can apply for funding that is intended to serve small to mid-sized manufacturers across the Commonwealth.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Manufacturing PA Training-to-Career Grant Program

The Manufacturing PA Training-to-Career Grant program is designed to help companies identify and train a skilled workforce for existing or near future open positions, engage youth or those with barriers in awareness building activities of career opportunities in manufacturing, and or advance capacity for local or regional manufacturers.

Grant funds may be used for professional services/consultants, internships, equipment purchase, shop modifications, program development, marketing, domestic travel, and salaries and fringes.

Eligibility requirements: Eligible applicants can apply for funding that focuses on the development and deployment of workforce training programs for individuals with barriers to employment, and advance capacity for local or regional manufacturers to meet the needs of local and regional manufacturers that cannot be met through existing programs.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Marketing to Attract Tourists Program

The Marketing to Attract Tourists Program provides funding to support and develop international tourism, sports marketing, outdoor recreation, and cultural attractions. The primary goal of the program is to promote overnight stays. Applicants should, as part of the project narrative, explain how their project will meet this goal.

Eligibility requirements: Eligible applicants can apply for funding that supports events, funds facility enhancements, supports new construction and/or renovations, and develops marketing, advertising and public relations campaigns to build attendance through the development of tourism products to provide visitor experiences to tourist regions, destinations or attractions.

Enrollment: Applications are considered on a rolling basis.

Municipal Assistance Program (MAP)

This program provides funding to assist local governments to plan for and efficiently implement a variety of services and improvements, and soundly manage development with an emphasis on intergovernmental approaches. Funding is available for two groups of activities: shared services, and community planning. Counties and municipalities may apply. Shared service activities require two or more participating municipalities. Some projects are open to COGs and other intergovernmental organizations where duly authorized by participating municipalities.

Eligibility requirements: Eligible applicants can apply for funding in four categories of shared service activities: regionalization, consolidation, and sharing of services; high impact projects: shared capacity; and boundary changes.

Enrollment: Applications are considered on a rolling basis.

Partnerships for Regional Economic Performance

The Partnerships for Regional Economic Performance (PREP) is designed to encourage regional coordination with Industrial Development Organizations, Local Development Districts (LDDs), and Small Business Development Centers (SBDCs) in economic development efforts, yielding superior customer service to the business community and a comprehensive, efficient statewide economic delivery strategy. PREP will provide grants to economic development service providers that may co-locate, develop formal partnership agreements, or otherwise create a coordinated and performance-based service delivery system that ensures each inquiry or lead from a business or potential entrepreneur is referred to, and acted upon expeditiously by, the appropriate service provider(s) in the region.

Eligibility requirements: Eligible applicants can apply for funding with the goal of servicing current and potential businesses in good standing across the Commonwealth to strengthen the capacity of businesses to compete in the global economy and encourage establishment of new businesses.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Pennsylvania First Program

Pennsylvania First (PA First) is a comprehensive funding tool to facilitate increased investment and job creation within the Commonwealth. Grants under this program are processed under the authority of Section 3 of the Commerce Law, which authorizes the Department of Community and Economic Development to undertake ways and means of promoting and encouraging the prosperous development of Pennsylvania businesses. Applicants should also contact the BusinessPA Team (formerly known as the Governor's Action Team) to learn more about this program.

Eligibility requirements: Eligible applicants can apply for funding for the operation of an eligible business or businesses at a project site(s) in the Commonwealth for specific uses.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Pennsylvania Industrial Development Authority (PIDA)

The PIDA provides low-interest loans and lines of credit for eligible businesses that commit to creating and retaining full-time jobs and for the development of industrial parks and multi-tenant facilities.

Loan applications are packaged and underwritten by a network of certified economic development organizations (CEDOs) that partner with PIDA to administer the program.

A variety of different industry sectors are eligible for PIDA financing including manufacturing, industrial, agricultural, research and development, hospitality, defense conversion, recycling, construction, child day-care, retail and service, export, and computer-related service enterprises.

Eligibility requirements: Eligible applicants can apply for funding for eligible businesses for eligible land and building costs, machinery and equipment costs; an eligible business with specific employee limit requirements; developers for multi-tenant facility projects with specific requirements; and developers for industrial park projects involving the acquisition and development of land for eventual sale to specific entities.

Enrollment: Applications are considered on a rolling basis.

Pennsylvania Minority Business Development Authority (PMBDA)

The PMBDA program provides low-interest loans to businesses owned and operated by ethnic minorities. Eligible applicants include any businesses owned and operated by ethnic minorities, except non-franchised restaurants. PMBDA can finance up to 90% of the eligible total project costs, or \$250,000, whichever is less. Funds from other sources must equal at least 10% of PMBDA eligible project costs.

The interest rate for PMBDA loans will be fixed at 2% at the time the loan is approved and will remain fixed for the duration of the repayment term. Interest rates are subject to change from time to time. Up to 15-year term for land and buildings; up to 10-year term for machinery and equipment; up to 3- year term for working capital. May subordinate lien position; \$50,000 cost per job for new jobs created, and \$35,000 cost per job for jobs retained.

Eligibility requirements: Eligible applicants can apply for funding for land, building, machinery and equipment costs, as well as working capital.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Pennsylvania Minority Business Development Authority Revolving Loan Fund Capitalization Program

This program provides a source of funds with extended payment terms to successful Community Development Financial Institutions (CDFIs) and community-based Revolving Loan Funds (RLFs) to make low-interest loans to businesses owned and operated by ethnic minorities. The maximum loan amount is \$400,000 per applicant, and the interest rate is 1.5% for a period of 5 years.

Eligibility requirements: Eligible applicants can apply for funding to target business development for existing or startup businesses involving minority business owners.

Enrollment: Applications are considered on a rolling basis.

Pennsylvania Strategic Investments to Enhance Sites Program

The Pennsylvania Strategic Investments to Enhance Sites Program (PA SITES) was established to provide grant funding to eligible applicants to develop competitive sites for businesses to relocate or expand within the Commonwealth. The program is administered by the Pennsylvania Department of Community and Economic Development (DCED) through the Pennsylvania First Program (PA First).

The program is intended to serve as gap financing for strategic sites that need financial assistance to help reduce development risk for businesses. The grant funding is intended to help finance strategic investments that will enhance sites across the Commonwealth to effectively compete for expanding and relocating businesses. The program will help reduce development risk for businesses by timeline reduction from the development of public infrastructure or reducing unknown development costs.

The maximum grant award for any one planning project is \$250,000 and no more than \$5 million in the aggregate in grant funds will be provided as planning grants to eligible applicants.

Eligibility requirements: Eligible applicants can apply for funding to fund the development of a comprehensive real estate plan according to program guidelines.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Sports Tourism and Marketing Account

Section 1721-A.2 of Subarticle C of the Fiscal Code (Act 176 of 1929) establishes the Sports Tourism and Marketing Account within the Pennsylvania Gaming Economic Development and Tourism Fund as a restricted account. The purpose of this account is to attract high-quality amateur and professional sporting and e-sports events to this Commonwealth with the goal of advancing and promoting year-round tourism, economic impact, and quality of life through sport.

Eligibility requirements: Eligible applicants can apply for funding for eligible expenses related to events that include costs relating to necessary preparations for conducting an event or the event at the venue; promotion, marketing and programming costs associated; paid advertising and media buys within the Commonwealth; production and technical expenses; site fees and costs; machinery and equipment purchases; public infrastructure upgrades or public safety improvements that directly or indirectly benefit; costs related to land acquisition with restrictions; and on-site hospitality.

Enrollment: Applications are considered on a rolling basis.

Strategic Management Planning Program

The Strategic Management Planning Program (SMPP) was designed to offer a pre-emptive step for municipalities who are realizing financial difficulties and seeking to improve their financial position. The program supports municipalities by offering grants that can be used to fund costs associated with hiring an independent financial consultant to prepare a three-to five-year financial plan and management review of their municipality. The plan will outline short and long term financial, managerial, and economic development strategies that the municipality can consider implementing to strengthen its financial capacity. The program provides fiscal stability to Pennsylvania's local governments.

Eligibility requirements: Any Pennsylvania local government or combination of local governments including: counties, cities, boroughs, town, townships and Home Rule municipalities are eligible to apply for funds.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Main Street Matters Program

The Main Street Matters program (MSM) is designed to support our downtown cores and surrounding neighborhoods with tools to create healthy, vibrant, and welcoming communities. Funding is available to support revitalization efforts in planning, business support, aesthetic improvements, and the increase of safety and security. Main Street Matters funding is processed under the authority of Section 3 of Act 51 of 1939, known as the Commerce Law. Funding was appropriated for this program under Section 1719-H of Subarticle B of the Fiscal Code (Act 176 of 1929).

Eligibility requirements: Local government units, redevelopment and housing authorities, nonprofit organizations, community development corporations, business improvement districts, neighborhood improvement districts, downtown improvement districts and similar organizations incorporated as authorities are eligible to apply.

Enrollment: Applications were accepted from September 5th, 2024-November 15th, 2024, and anticipated again in Fall of 2025.

Additional information can be found below:

- <https://dced.pa.gov/programs/main-street-matters/>

Department of Conservation & Natural Resources

Established on July 1, 1995, the Pennsylvania Department of Conservation and Natural Resources (DCNR) is charged with maintaining state parks, managing state forest land, and providing information on the state's ecological and geological resources. The department is also responsible for establishing community conservation partnerships with grants and technical assistance to benefit rivers, trails, greenways, local parks and recreation, regional heritage parks, open space, and natural areas. DCNR's mission is to conserve and sustain Pennsylvania's natural resources for present and future generations' use and enjoyment.

Community Conservation Partnerships Program Grants

DCNR's Bureau of Recreation and Conservation (BRC) assists local governments and recreation and conservation organizations with funding for projects related to parks, recreation, and conservation. Applications for DCNR's Community Conservation Partnerships Program grants are accepted once a year.

The application period for the recreation and conservation grants opens in January and closes in April each year:

- Opens: Third Tuesday of January
- Closes: First Wednesday of April

There are exceptions for ATV and Snowmobile Trails Management Restricted Account Grants, which are conducted during the spring and fall:

- Spring: Opens the first business day in February and closes the last business day in March.
- Fall: Opens the first business day in August and closes the last business day in September.

Peer and Circuit Rider Grants are open year-round.

Community Conservation Partnerships Program grants can fund:

- Planning, acquisition, and development of public parks
- Recreation areas
- Motorized and non-motorized trails
- River conservation and access
- Conservation of open space
- Community and Watershed Forestry

Community Conservation Partnerships Program Grants (continued)

Grants also support regional and statewide partnerships that build capacity to better develop and manage resources. Eligible applicants for program funding include local governments, nonprofits, state heritage areas, pre-qualified land trusts, and for-profit enterprises (for some grant types).

More information for the below funding opportunities can be found below:

- <https://www.pa.gov/agencies/dcnr/programs-and-services/grants.html>

Funding opportunities include:

Community Recreation and Conservation Planning Funding

Planning projects “lay the groundwork” for future land acquisition, development, and/or management of parks, recreational facilities, critical habitat, open space, natural areas, greenways, and river/watershed corridors.

Park Rehabilitation and Development Funding

These projects involve the rehabilitation and development of public parks, recreation facilities, greenways, and river conservation projects.

Land Acquisition and Conservation Funding

These projects involve the purchase and/or donation of land for parks and recreation areas, greenways, critical habitat areas, and open spaces.

Motorized and Non-Motorized Trail Funding

Trail projects include the acquisition, planning, development, rehabilitation, or maintenance of designated routes on land or water for motorized and non-motorized recreation activities. This includes the purchase of equipment for trail construction or maintenance.

All-Terrain Vehicle (ATV) and Snowmobile Projects

All-terrain vehicle (ATV) and snowmobile projects include projects related to facilities that support the use of ATVs and/or snowmobiles.

State and Regional Partnership Funding

Partnership projects are collaborative statewide or regional initiatives that help build local, county, regional, and statewide capacity to better develop and manage recreation and park facilities and to promote the conservation of natural and heritage resources through plan implementation, education, and training.

Community Conservation Partnerships Program Grants (continued)

Peer and Circuit Rider Funding

These grant projects fund projects that help municipalities, counties, multi-municipal partnerships, and councils of government to increase local capacity for recreation, parks, and conservation.

The Peer program funds collaborative projects that focus on a specific need identified by the grantee and its partners.

The Circuit Rider program aids in the hiring of a full-time park, recreation, or conservation professional whose services are shared by the members of a formal partnership, commission, or authority.

Rivers Conservation Grants and Community and Watershed Forestry Funding

Rivers Conservation projects focus on protecting and enhancing the conservation or recreation value of Pennsylvania's waterways. Applications are submitted under the appropriate primary grant category. For example, funding for a Rivers Conservation Plan would be requested through a Community Recreation and Conservation Planning grant application; an easement or purchase to protect a headwaters area would require a Land Acquisition and Conservation grant.

The DCNR Community & Watershed Forestry Program provides financial assistance to identify locations in need of riparian forest buffers, lawn conversion, and urban tree-planting and to design, implement, and establish those practices. This program supports projects that produce conventional buffers and multifunctional buffers -- a buffer type that provides an opportunity to harvest products such as nuts, berries, woody florals, forbs, and potentially woody biomass in addition to the conventional buffer of riparian tree and shrub species.

Phone: 717-787-2869

Regional advisor contact information can be found at <https://apps.dcnr.pa.gov/grants/>.

Volunteer Fire Assistance Grants

The U.S. Department of Agriculture provides financial, technical, and other assistance to state officials in cooperative efforts to organize, train, and equip local forces in rural areas or communities under 10,000 in population to prevent, control, and suppress fires which threaten rural areas. The key objectives of this program are to save lives and protect property in unprotected or inadequately protected rural areas. Therefore, the selection of the participating agencies must be based on vulnerability and the adequacy of existing fire protection.

This is a cost-share program. Financial assistance on any project during any fiscal year cannot exceed 50 percent of the actual expenditures -- including expenditures of local, public, and private nonprofit organizations participating in the agreement.

Eligibility requirements: Eligible applicants can apply for grants to be used for the purchase of wildlife and suppression equipment, wildfire protective gear, mobile or portable radios, installation of dry hydrants, wildfire prevention and mitigation, wildfire training, and certain projects involving the conversion and maintenance of federal excess vehicles received from the DCNR Bureau of Forestry and used for fire suppression.

Enrollment: The next opening date of enrollment has not been determined.

Wild Resource Conservation Program

The Wild Resource Conservation Program's mission, in partnership with agencies, organizations and concerned citizens, is to maintain, manage, enhance, and restore Pennsylvania's native wild flora and fauna and their habitats. Wild Resource Conservation Program grants help achieve this by funding research for non-game wildlife and native wild flora. This is the only source of funding for plant conservation in Pennsylvania.

WRCP is soliciting grant applications for priorities in the following categories – surveys, conservation and management, and climate change. Detailed priorities within each of these categories can be found in the WRCP Grant Priorities link below.

It is recommended that projects/grant applications address one of the listed priorities. However, applications may be accepted that address priorities outlined in the Pennsylvania State Wildlife Action Plan and/or address the needs of plant species or plant communities of concern within the Commonwealth. The applicant should contact the WRCP Agency Coordinator to discuss the project, how it may fit into flora or fauna priorities and potential for funding.

Eligibility Requirements: Eligible applicants can apply for funding that is directly attributable to support the management of wild resources.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/agencies/dcnr/conservation/wildlife-biodiversity/wild-resources-conservation-program.html>

Department of Drug and Alcohol Programs

As of July 2012, the Department of Drug and Alcohol Programs (DDAP), formerly under the Department of Health, became a standalone department. This change reflects a strong commitment by the Commonwealth to provide education, intervention, and treatment programs to reduce drug and alcohol abuse and dependency for all Pennsylvanians.

The mission of the Department of Drug and Alcohol Programs is to engage, coordinate and lead the Commonwealth's efforts to prevent and reduce drug, alcohol and gambling addiction and abuse, and to promote recovery, thereby reducing the human and economic impact of the disease.

Additional information can be found below:

- <https://www.ddap.pa.gov/Pages/Contact-Us.aspx>

DDAP offers and administers competitive grant programs related to recovery and housing programs. Grants that are offered vary year to year.

Additional information can be found below:

- <https://www.ddap.pa.gov/DDAPFunding/Pages/Funding-Opportunities.aspx>.

Grant initiative funding opportunities are established through service needs and grant funding availability. These opportunities are developed by DDAP staff and may include collaboration with other Commonwealth agencies.

Additional information about the competitive grant process can be found below:

- <https://www.ddap.pa.gov/DDAPFunding/Pages/Competitive-Grant-Process.aspx>.

DEPARTMENT OF EDUCATION

Department of Education

The Pennsylvania Department of Education (PDE) oversees 500 public school districts, more than 170 public charter schools, public cyber charter schools, Career and Technology Centers/Vocational Technical schools, public Intermediate Units, the education of youth in State Juvenile Correctional Institutions, Head Starts and publicly funded preschools, and community colleges. PDE also oversees policies related to public, academic, and school libraries, and the State Library of Pennsylvania.

Additional information about grants administered by PDE can be found below:

- <https://www.education.pa.gov/Policy-Funding/SchoolGrants/Pages/default.aspx>.

DEPARTMENT OF EDUCATION

Career and Technical Education Grants

Competitive Equipment Grants

Eligible applicants can apply for funding for updating or purchasing new equipment used in the training of students.

Additional information can be found below:

- <https://www.pa.gov/agencies/education/programs-and-services/instruction/elementary-and-secondary-education/career-and-technical-education/grants.html>

Eligibility Requirements: This grant is for school districts and career and technical centers with eight or more PDE-approved CTE programs.

Enrollment: Applications are considered on a rolling basis.

Supplemental Equipment Grants

Supplemental Equipment Grant funds provide school districts and career and technical centers the opportunity to purchase equipment to prepare students for the workplace. Applications for this grant are completed electronically using the eGrants system.

Eligibility Requirements: Eligible applicants can apply for funding that provides school districts and career and technical centers/area vocational-technical schools the opportunity to purchase equipment to prepare students for the workplace.

Enrollment: Applications are considered on a rolling basis.

DEPARTMENT OF EDUCATION

PAsmart

To expand access to STEM and computer science teaching and learning, and to help ensure students across Pennsylvania have the skills and abilities to meet the economic needs of the 21st century, the Department of Education launched the PAsmart initiative. Built upon recommendations of the governor's Middle-Class Task Force, PAsmart strategically invests resources in education and training opportunities to support Pennsylvania's economic growth now and in the future.

PAsmart Targeted Grants and PAsmart Advancing Grants grants support high-quality STEM and computer science learning and professional development opportunities to communities across Pennsylvania, including within early learning centers, libraries, out-of-school time providers, career and technical centers, post-secondary institutions, and K-12 schools.

Eligibility requirements: Eligible applicants, identified as a school district in financial recovery or financial watch status, are eligible for grant funding as outlined by the program guidelines.

Enrollment: Grant submissions were due by November 8, 2024 and the performance period ends on June 30, 2026.

DEPARTMENT OF EDUCATION

Safe Schools Targeted Grants

The Pennsylvania Department of Education's (PDE) Office for Safe Schools offers four types of targeted safety grants: equipment and/or program grants of up to \$50,000; IU Nonpublic equipment and/or program grants of up to \$50,000; School Police Officer (SPO) grants of up to \$75,000; and School Resource Officer (SRO) grants of up to \$75,000. Each of the grants aims to assist schools in reducing unnecessary student disciplinary actions and promoting an environment of greater productivity, safety, and learning; enhancing anti-violence efforts between schools and parents, local governments, law enforcement and community organizations.

PDE's program is separate from the School Safety and Security Grant program administered by the Pennsylvania Commission on Crime and Delinquency (PCCD).

Eligibility requirements: Eligible applicants can apply for funding in order to address school violence by establishing or enhancing school security, including costs associated with the training and compensation of school security personnel.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

- <https://www.pa.gov/agencies/education/programs-and-services/schools/safe-schools/funding.html>

Contact Information:

Email: RA-SafeSchoolsEgrant@pa.gov

Department of Environmental Protection

The Pennsylvania Department of Environmental Protection's (DEP) mission is to protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens through a cleaner environment. The department will work as partners with individuals, organizations, governments, and businesses to prevent pollution and restore natural resources.

Additional information on grants administered by DEP can be found below:

- <https://www.dep.pa.gov/Citizens/GrantsLoansRebates/Pages/default.aspx>.

Alternative Fuel Vehicle Rebate Program

DEP will offer an opportunity to Pennsylvania residents to apply for a rebate when they purchase a new alternative fuel vehicle (AFV). The Alternative Fuel Vehicle Rebate Program was established under Act 178 of 2004 to help reduce Pennsylvania's dependence on imported oil and to improve environmental quality by using alternative fuels. A rebate request must be submitted no later than six months after the vehicle is purchased. The rebate will be offered on a first-come-first served basis if funding is available.

Eligibility requirements: Eligible applicants can apply for funding for new alternative fuel vehicles or pre-owned, with stipulations, and any alternative fuel vehicle used by a retail location or online retail service for demonstration purposes as outlined by program guidelines.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

Alternative Fuels Incentive Grants

DEP offers grant funding for clean, alternative fuel projects in Pennsylvania and investment in Pennsylvania's energy sector. DEP receives approximately \$5 million in funding each year through the utilities gross receipts tax collected during each fiscal year to carry out the provisions of the Alternative Fuels Incentive Act. The primary goals of the Alternative Fuels Incentive Grant Program (AFIG) are to improve Pennsylvania's air quality and reduce consumption of imported oil through the use of homegrown alternative fuels that will help the Commonwealth's economy and environment.

Eligibility requirements: Eligible applicants, such as school districts, municipalities, nonprofit organizations, and businesses, in Pennsylvania that want to transition to cleaner fuel transportation.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/agencies/dep/programs-and-services/grants-loans-rebates/alternative-fuels-incentive-grant.html>

Agriculture Energy Efficiency Rebate Program

DEP is offering rebates to Pennsylvania agricultural producers for energy efficiency projects. Rebates are offered on a first-come, first-served basis as long as funding is available, through March 31, 2023. Interested applicants should apply to secure a rebate voucher prior to installing the equipment.

Eligibility requirements: Eligible applicants can apply for funding for alternative projects and related research related to deployment projects, manufacturing or research involving fuels, and demand management measures, including recycled energy and energy recovery, energy efficiency and load management.

Enrollment: This program is currently closed.

Driving PA Forward

The following programs are part of the Driving PA Forward suite of financial incentive programs utilizing funds from the VW settlement to improve Pennsylvania's air quality.

Eligibility requirements: Eligible applicants can apply for funding as outlined by program guidelines.

Enrollment: This program is currently closed.

Additional information on programs can be found below:

- <https://storymaps.arcgis.com/stories/6f5db16b8399488a8ef2567e1affa1e2>
- <https://www.pa.gov/agencies/dep/programs-and-services/air/driving-pa-forward.html>

Funding opportunities include:

DC Fast Charging & Hydrogen Fueling Grant Program

This is a competitive grant program that provides funding for new, publicly accessible DC Fast Charging and Hydrogen Fueling projects built in strategic locations in Pennsylvania and designed to supply light duty vehicles. Grant funding is available for up to 70% of project costs, capped at \$500,000 per award for hydrogen fueling projects and \$250,000 for DC fast charging projects.

Electric Cargo Handling Grant Program

The Electric Cargo Handling Grant Program is a competitive grant program that provides funding for the repower or replacement of diesel-powered forklifts (with a lift capacity of greater than 8,000 pounds), Tier 0-2 airport ground support equipment, and port cargo handling equipment. Eligible vehicles must be scrapped and replaced with the same equipment in an all-electric form. Grant funding is available for up to 60% of project costs for government applicants and up to 40% for non-government applicants.

Driving PA Forward (continued)

Level 2 EV Charging Rebate

This program provides rebates for new Level 2 Electric Vehicle Charging projects to be installed in public spaces, workplaces, and multi-unit dwellings. Rebates up to \$4,500 per plug are available, though final rebate amount is based upon the project characteristics, cost, and location. The application period is rolling, and applications are reviewed on a first-come, first-served basis.

Successful applicants are issued a 180-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation.

Marine and Rail Freight Movers Grant Program

This is a competitive grant program that provides funding to (1) repower or replace diesel-powered, pre-Tier 4 freight switcher locomotives, that operate 1,000 hours or more per year, with any new EPA or CARB-certified diesel, alternative fuel, or all-electric engine, or (2) repower or upgrade unregulated, Tier 1 or Tier 2, diesel-powered marine engines in ferries or tugboats with an EPA Certified Remanufactured system or an EPA Verified Engine Upgrade. Grant funding is available for up to 60% of eligible project costs (up to 80% for electric projects), with no maximum dollar amount per award.

Medium and Heavy-Duty Zero-Emissions Vehicle (MHD-ZEV) Fleet Pilot Grant Program Initiative

The primary goal of the Medium and Heavy-Duty Zero Emission Vehicle Pilot (“MHD-ZEV”) is to improve the Commonwealth’s air quality by reducing NOX emissions from Class 4-8 trucks while driving the transformation from older, polluting diesel engines to cleaner transportation technologies.

Ocean Going Vessel Shorepower Grant Program

The Ocean-Going Vessel Shorepower Grant Program is a competitive grant program that provides funding for the purchase and installation of eligible dock-mounted, containerized, or barge-mounted marine shore power systems at eligible ports in Pennsylvania. Grant funding is available for up to 75% of project costs for government applicants and up to 25% of project costs for non-government applicants.

Driving PA Forward (continued)

Onroad Rebate Program

This program provides rebates for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses and shuttle buses. Rebates vary based on vehicle type, fuel, type, and vehicle owner, though the final rebate amount is based upon actual project costs. Maximum rebates are determined by maximum dollar rebate per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the application. Between 1 and 5 vehicles may be submitted per application. Applicants proposing more than 5 vehicles should apply to the Truck and Bus Fleet Grant Program. The application period is rolling, and applications are reviewed on a first-come, first-served basis. Successful applicants are issued a 365-day voucher, which can be redeemed for the approved rebate amount upon successful completion of the project and submittal of required documentation.

Truck and Bus Fleet Grant Program

This program provides grants for Class 4-8 local freight trucks, drayage trucks, school buses, transit buses, and shuttle buses. Grant awards vary based on vehicle type, fuel, type, and vehicle owner, though the final reimbursement amount is based upon actual project costs. Maximum reimbursements are determined by maximum dollar amount per vehicle or engine, or percentage of total project costs, whichever is less, combined for all vehicles in the project. A minimum of 6 vehicles must be submitted per application.

Environmental Education Grants

The Environmental Education Grants Program, established by the Environmental Education Act of 1993, mandates that five percent of all pollution fines and penalties collected annually by the Department of Environmental Protection be set aside for environmental education.

Each year, Pennsylvania invests in its schools, colleges and universities, county conservation districts, nonprofit organizations, and businesses to improve environmental literacy among youth and adults.

Administered through DEP, the Environmental Education Grants Program provides funds to support a wide range of environmental education projects including meaningful, hands-on programs for students, teacher training workshops, and community conservation projects for adults.

DMVA

Department of Military and Veterans Affairs

Pennsylvania's Department of Military and Veterans Affairs (DMVA) has a dual mission: to provide quality service to the Commonwealth's veterans and their families, and to oversee and support the members of the Pennsylvania National Guard (PNG).

Military Family Relief Assistance Program

At the Pennsylvania Department of Military and Veterans Affairs (DMVA), we understand that there are times when unforeseen circumstances pose a financial challenge to service members and their families. To help alleviate some of the financial burden in these instances, the DMVA provides grants through the Pennsylvania Military Family Relief Assistance Program (MFRAP). The amount of a grant is based on documented financial need up to a maximum of \$5,000. Those eligible for an MFRAP grant will not be asked for repayment.

Eligibility requirements: Eligible applicants, such as service members and their families, can apply for funding to assist with unexpected financial challenges.

Enrollment: Applications are considered on a rolling basis.

Additional information can be found below:

- <https://www.pa.gov/services/dmva/apply-for-military-family-relief-assistance.html>
- <https://www.pa.gov/content/dam/copapwp-pagov/en/dmva/documents/veterans/benefits/documents/mfrap%20frequently%20asked%20questions%202023.pdf>

Veterans' Trust Fund Grant Program

DMVA has announced the availability of competitive grant funding from the Veterans' Trust Fund (VTF). Grants will be considered in the following areas:

- Grants to Veterans' service organizations (VSOs) with 501(c)(19) status under the Internal Revenue Code and non-profit organizations with 501(c)(3) status under the Internal Revenue Code that have a mission of serving Pennsylvania veterans. Funding priorities for the 2025-26 grant year were programs that address: Social Determinants of Health; Transportation; and Employment. The maximum grant request for VSOs and non-profit organizations is \$40,000.
- Grants to Pennsylvania Association of County Directors of Veterans Affairs or grants to counties, either individually or jointly for multiple counties working together, for programs operated by their county directors of veterans affairs. The priorities for the 2025-26 fiscal year were programs in support of veterans' outreach. The maximum grant request for County applicants is \$15,000 per county.

Eligibility requirements: Eligible applicants include Veterans' service organizations (VSOs) with 501(c)(19) status under the Internal Revenue Code, non-profit organizations with 501(c)(3) status under the Internal Revenue Code that have a mission of serving Pennsylvania veterans, as well as the Pennsylvania Association of County Directors of Veterans Affairs or counties, either individually or jointly for multiple counties working together, for programs operated by their County Directors of Veterans Affairs.

Enrollment: The 2025-26 VTF grant cycle is currently closed.

DEPARTMENT OF REVENUE

Department of Revenue

The Department of Revenue (DOR) was established in 1927 and is charged with collecting and distributing most of the tax monies due to the Commonwealth of Pennsylvania. On an annual basis, the department receives and collects all of the Commonwealth's General Fund tax revenue. In addition, the department annually processes more than 10 million business and individual tax reports and payments. The scope of services and programs provided by the department affect every business and citizen in Pennsylvania.

DEPARTMENT OF REVENUE

Property Tax/Rent Rebate Program

The rebate program benefits eligible Pennsylvanians based on age and income criteria. Spouses, personal representatives, or estates may also file rebate claims on behalf of claimants who lived at least one day in the claim year and meet all other eligibility criteria.

The maximum standard rebate is \$1,000, but supplemental rebates for qualifying homeowners can boost rebates to \$1,500.

The Property Tax/Rent Rebate Program is one of five programs supported by the Pennsylvania Lottery. Since the program's 1971 inception, older and disabled adults have received more than \$8 billion in property tax and rent relief. The rebate program also receives funding from slots gaming.

Eligibility requirements: Eligible applicants include Pennsylvania homeowners and renters who are aged 65 and older; widows and widowers aged 50 and older; and people with disabilities age 18 and older. In addition to age requirements, household income must be \$46,520 or less annually.

Enrollment: Applications for 2024 Property Tax/Rent Rebates are due by June 30, 2025. Under Pennsylvania law, the Department of Revenue evaluates the program before the June 30 deadline every year. If funding remains available, the deadline may be extended to December 31, but is not guaranteed.

PENNDOT

Pennsylvania Department of Transportation (PennDOT)

PennDOT oversees programs and policies affecting highways, urban and rural public transportation, airports, railroads, ports, and waterways. More than three-quarters of PennDOT's annual budget is invested in Pennsylvania's approximately 121,000 miles of state and local highways and 32,000 state and local bridges. PennDOT is directly responsible for nearly 40,000 miles of highway and roughly 25,400 bridges, a system first established in 1911.

Roughly 7,095 of PennDOT's complement of nearly 11,579 employees are engaged in the maintenance, restoration, and expansion of the state highway system. They work in central headquarters in Harrisburg and 11 engineering districts, with facilities in all 67 counties.

PennDOT also administers the state's 12.1 million vehicle registrations, and 10.1 million driver's licenses and IDs and oversees safety and emission inspection programs.

Automated Red-Light Enforcement (ARLE) Funding Program

The Automated Red Light Enforcement Transportation Enhancements Grant Program (ARLE Funding Program) was established in 2010 as a PennDOT-administered competitive grant program in accordance with Vehicle Code (75 Pa.C.S.) §3116(l)(2), §3117(m)(2), and §3370(m)(2). Funding for the program is generated from the net revenue of fines collected through Automated Red Light Enforcement Systems and Automated Speed Enforcement Systems. Grant applications are accepted annually during the month of June.

Eligibility requirements: Eligible applicants include local authorities (counties, municipalities, and other boards or bodies having authority to enact laws relating to traffic), Metropolitan Planning Organizations (MPOs), Rural Planning Organizations (RPOs), County Planning Organizations, and Commonwealth agencies. These entities may apply for funding that improves safety at intersections by delivering automated enforcement activity that would otherwise be done by a police officer.

Enrollment: Grant applications are accepted annually during the month of June.

Green Light-Go: Pennsylvania's Municipal Signal Partnership Program

The Green Light-Go: Pennsylvania's Municipal Signal Partnership Program, also known as the "Green Light-Go Program," is a competitive state grant program designed to improve the efficiency and operation of existing traffic signals located in the Commonwealth of Pennsylvania. Established by Act 89 of 2013 and revised by Act 101 of 2016, the program is administered by the Pennsylvania Department of Transportation, Bureau of Maintenance and Operations. The Green Light-Go Program is a reimbursement grant program, and applicants are required to provide a minimum 20 percent match.

Eligibility requirements: Eligible applicants include municipalities, counties, and planning organizations. This includes cities, boroughs, and townships with existing signals. These entities can apply for funding that can be used for a range of operational improvements to existing traffic control signals located in Pennsylvania.

Enrollment: Pre-application scoping forms were required and accepted until November 22, 2024. Full applications were accepted electronically through the DCED Single Application for Assistance between February 1, 2025 and February 28, 2025. Awards are expected to be announced in July 2025

Additional information can be found below:

PennDOT Multimodal Transportation Fund (MTF)

Act 89 of 2013 established a dedicated Multimodal Transportation Fund to stabilize funding for ports and rail freight, increase aviation investments, and establish dedicated funding for bicycle and pedestrian improvements. The Multimodal Transportation Fund (MTF) provides funding for priority investments in any mode through PennDOT's MTF Statewide Competitive Funding Program.

The MTF program provides grants to ensure that a safe and reliable system of transportation is available to the residents of the Commonwealth. The program is intended to provide financial assistance to municipalities, councils of governments, businesses, economic development organizations, public transportation agencies, and ports and rail freight entities to improve transportation assets that enhance communities, pedestrian safety, and transit revitalization.

Eligibility requirements: Eligible applicants include Municipalities, Councils of Governments, Businesses, Non-Profits, Economic Development Organizations, Public Transportation Agencies, and Ports or Rail/Freight Entities.

Eligible projects specified in Act 89 fall into four categories:

- Projects that coordinate local land use with transportation assets
- Projects improving connectivity or utilization of existing transportation assets
- Projects related to streetscapes, lighting, sidewalk enhancement and pedestrian safety
- Projects related to transit-oriented development

Enrollment: Applications are accepted annually between March 1 and July 31.

Additional information can be found below:

Traffic Safety Grants

PennDOT provides traffic safety grants to local governments, Pennsylvania State-related universities and Pennsylvania State System of Higher Education universities, and nonprofit organizations to improve highway safety and reduce deaths and serious injuries due to crashes.

The grant program utilizes federal funding authorized under 23 U.S.C. 402 and 23 U.S.C. 405 and administered by the National Highway Traffic Safety Administration (NHTSA). The program is structured on the federal fiscal year, which runs Oct. 1-Sept. 30. Grant opportunities reflect evidence-based countermeasures proven to address the most critical traffic safety needs identified through data analysis. Available funds are distributed to projects using allocation formulas based on crash data.

Additional information can be found below:

- <https://www.pa.gov/services/penndot/apply-for-penn-dot-highway-safety-improvement-grants.html>

Contact Information:

Attn: Christy Timbrell

Phone: 717-783-4577

Email: ctimbrell@pa.gov

Funding opportunities include:

Community Traffic Safety Project

Grants for traffic safety educational outreach programs to schools and communities targeting local safety issues identified through data analysis. Provides support towards national and statewide enforcement mobilizations and other programs.

Traffic Safety Grants (continued)

Municipal Police Traffic Services Enforcement Program

Coordination of local police participation in impaired driving, occupant protection, aggressive driving, and pedestrian safety enforcement countermeasures, including officer overtime, necessary equipment purchases, and associated training.

DUI Courts Program

Development and facilitation of a DUI court system, including judicial training in the area of DUI courts, establishment of new probation officers to monitor DUI court participants, and necessary equipment.

Traffic Safety Resource Prosecutor

Coordination of the Traffic Safety Resource Prosecutor position in accordance with national and state guidelines in support of the Commonwealth's Highway Safety Program.

Judicial Outreach Liaison (JOL) Program

Coordination of the Judicial Outreach Liaison position in accordance with national and state guidelines in support of the Commonwealth's Highway Safety Program.

Traffic Safety Grants (continued)

Statewide DUI Program Coordination

Coordination of technical services in support of the Commonwealth's Impaired Driving Program, including specialized training and statewide coordination of the Drug Evaluation and Classification (DEC) Program.

Statewide Traffic Records Program Support

Coordination of activities designed to assist PennDOT with supporting Pennsylvania Police Agency crash report filing in addition to other services as identified.

Statewide Law Enforcement Liaison Program Coordination (PTS)

Provides administrative and technical support for state and local law enforcement participation in grant-funded enforcement operations in alignment with National Law Enforcement Liaison Program standards and best practices.

Child Passenger Safety Educational Initiatives

Supplements efforts provided by the existing statewide child passenger safety project organized by the PA Traffic Injury Prevention Project (PA TIPP) by providing additional trainings for CPS technicians across the state, broaden outreach efforts, and distribute car seats to underserved communities.

Traffic Safety Grants (continued)

Distracted Driving Outreach

Provides education and outreach to change dangerous driving behaviors especially among teen drivers.

OFFICE OF THE STATE FIRE COMMISSIONER

Office of the State Fire Commissioner

The Pennsylvania Office of the State Fire Commissioner (OSFC) had its beginning in 1976 with Governor Milton Shapp's appointment of the state's first fire commissioner. In 1981, Governor Richard Thornburgh reorganized the then-separate Fire Commissioner's Office, State Fire School, and Volunteer Loan Assistance Program as the Office of Fire Safety Services under the Pennsylvania Emergency Management Agency (PEMA).

The current OSFC was created by legislation as its own agency under the direct jurisdiction of the governor by Act 91 of 2020.

Additional information can be found below:

- <https://www.pa.gov/agencies/osfc.html>

OFFICE OF THE STATE FIRE COMMISSIONER

Fire Company and Emergency Medical Services Grant Program

The Fire Company and Emergency Medical Services Grant Program provides an annual grant for volunteer and career fire companies, emergency medical services and rescue squads. The program provides grant eligibility information and makes an online grant application available for all eligible applicants.

Based on applicant and project criteria, staff reviews and approves or disapproves all applications, processes signed grant agreements and authorizes dispersal of grant funds. Final grant reports are reviewed for compliance with project description and program guidelines.

Eligibility requirements: Eligible applicants include volunteer and career fire companies, emergency medical services and rescue squads. These entities can apply for funding that may be used for projects that are consistent with Chapter 78 and the program; eligible projects must improve and enhance the capabilities of the fire company to provide firefighting, ambulance, or rescue services.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/osfc/fire-co-ems-grant.html>

OFFICE OF THE STATE FIRE COMMISSIONER

Fire and Emergency Medical Services Loan

The Fire and Emergency Medical Services Loan Program provides loans at a fixed 2% interest rate to fire and Emergency Medical Services companies for the acquisition, rehabilitation, or improvement of apparatus, facilities, and equipment.

The application period for the Fire and Emergency Medical Services Loan Program is open all year. Once all of the application documentation is reviewed by staff, we will chair a monthly Application Review Committee meeting for approval.

Eligibility requirements: Eligible applicants fire and EMS companies, which can apply for funding at a fixed 2% interest rate for the acquisition, rehabilitation, or improvement of apparatus, facilities, and equipment.

Enrollment: Applications are accepted on a rolling basis.

Pennsylvania Commission on Crime and Delinquency

Established by law in 1978, the Pennsylvania Commission on Crime and Delinquency (PCCD) serves as the justice planning and policymaking agency for the Commonwealth of Pennsylvania. By bringing together a wide range of experts in the fields of criminal and juvenile justice, victim services, and related professions, PCCD coordinates the collective examination of problems, proposes solutions, and evaluates the impact of those solutions.

PCCD initiates, validates, and makes financial investments in programs that demonstrate promise in improving outcomes related to the agency's mission and strategic priorities. The administration of federal and state funding programs is one of PCCD's core responsibilities. PCCD grant programs vary in the specific resources provided.

For information about current open funding opportunities, how to seek and manage grant funds, and related resources interested individuals should visit the PCCD funding page below:

- <https://www.pccd.pa.gov/Funding/Pages/default.aspx>.

PENNSYLVANIA COUNCIL ON THE ARTS

Pennsylvania Council on the Arts

The mission of the Pennsylvania Council on the Arts (PCA) is to strengthen the cultural, educational, and economic vitality of Pennsylvania's communities through the arts. PCA promotes equitable access for all Pennsylvanians to participate fully in a creative life and in the diverse forms of arts and culture in the Commonwealth.

Additional information can be found below:

- <https://www.arts.pa.gov/WHAT%20WE%20DO/FUNDING/apply-for-a-grant/Pages/default.aspx>.
- <https://www.pa.gov/agencies/coa/resources/due-dates-for-grants.html#sortCriteria=%40copapwpstartdate%20descending>

PENNSYLVANIA COUNCIL ON THE ARTS

Arts in Education

Through artist residencies, the PCA's Arts in Education (AIE) Division enables artists to help others explore and develop their creativity and artistic skills in a variety of educational, community and institutional settings. Eligible applicants can apply for funding to provide the opportunity for a professional teaching artist to work with small groups of learners on one or more long term projects over a set period of time.

Eligibility requirements: Pennsylvania schools, institutions, arts organizations, government agencies, local arts agencies, institutions of higher education and other not-for-profit, tax-exempt organizations with 501(c)(3) status are eligible for AIE funding. Organizations receiving support through other funding areas of the PCA also are eligible to apply for Arts in Education funding.

Enrollment: Applications are accepted on a rolling basis.

Additional information can be found below:

PENNSYLVANIA COUNCIL ON THE ARTS

Arts Organizations and Arts Programs

The Arts Organizations and Arts Programs (AOAP) funding track supports qualified applicants that provide consistent levels of artistic programming and/or arts services in Pennsylvania. Activities and services generally must have a public component.

Eligibility requirements: Only organizations that have successfully participated in Entry Track AND been notified that they may transition to AOAP are eligible to apply to AOAP. Applicant organizations must be able to demonstrate a history of at least two years of consistent arts programming in Pennsylvania and have an annual average arts revenue of \$200,000 or greater. Eligible applicants can apply for funding to assist in operating, programming or project expenses according to program guidelines.

Enrollment: The application period for this grant ended January 15, 2025.

Additional information can be found below:

PENNSYLVANIA COUNCIL ON THE ARTS

Creative Business Loan Fund

The Creative Business Loan Fund is made possible through the PCA's partnership with Bridgeway Capital, Rising Tide Community Loan Fund, and Finanta (formerly Community First Fund), three community development financial institutions (CDFIs) located across Pennsylvania. This fund provides \$2.6 million in the form of affordable, flexible financing to small, creative businesses across the Commonwealth.

Inspiration for creation of this fund stemmed from the PCA's awareness of a growing need for financial support for creative small businesses, which are important drivers of employment and economic vibrancy. Creative, for-profit businesses add to the state's economic activity and, if supported, will be positioned to play a critical role in helping Pennsylvania's cities and towns recover from the devastating effects of the pandemic.

Eligibility requirements: Eligible applicants include creative businesses. Under the program's definition, creative businesses include craft manufacturers, arts schools, architecture, design and fabrication firms, media companies, and visual and performing arts production agencies. Eligible uses for Creative Business Loans include working capital; equipment purchases; renovations to retail, production, or office space; and, in limited cases, building acquisitions.

Enrollment: Applications are accepted on a rolling basis.

PENNSYLVANIA COUNCIL ON THE ARTS

Creative Communities Initiative

The Creative Communities Initiative (CCI) provides multi-year funding for place-based, community-driven, arts-based projects that serve as catalysts for social cohesion, livability, and community and economic development. Commonly referred to as creative placemaking, these projects are rooted in deep community engagement and authentically engage artists, culture bearers, designers, and community members through conversation, cultivation, and creation activities to address community needs, challenges, and opportunities.

Eligibility requirements: The lead applicant organization must be a unit of government, nonprofit (501(c)3 or 501(c)6 organization) located in the community where the CCI project will take place. The project must be place-based and must involve a partnership of at least two organizations, one of which will serve as lead applicant. Projects must have the support of the community's local government via an adopted resolution and pledge of at least 10% of matching funds (in-kind or cash).

Enrollment: The next opening date of enrollment has not been determined.

PENNSYLVANIA COUNCIL ON THE ARTS

Creative Entrepreneur Accelerator Program

The Pennsylvania Council on the Arts and the PCA's Pennsylvania Partners in the Arts (PPA) partner organizations are pleased to make available the Creative Entrepreneur Accelerator Program. This program is designed to pair access to existing small business consulting services with financial resources up to \$2,000 for creative entrepreneurs who aspire to start their own for-profit business or who operate an existing for-profit micro business.

This program advances and prioritizes the Pennsylvania Council on the Arts' overarching value of diversity, equity, and inclusion and prioritize investment in creative entrepreneurs who identify as Black, Indigenous, or persons of color (BIPOC) or those located in and whose work benefits low-income communities.

Eligibility requirements: Creative Entrepreneurs are eligible to apply once every three years. They must be at least 18 years of age and a current resident of Pennsylvania for at least one year; be a creative entrepreneur intending to form a business or operating a business in Pennsylvania demonstrating gross revenue of less than \$200,000 within one or more of the creative industry areas outlined in program guidelines. See program guidelines for further details.

Enrollment: Applications are accepted on a rolling basis.

PENNSYLVANIA COUNCIL ON THE ARTS

Creative Sector Flex Fund

The Pennsylvania Council on the Arts (PCA) is excited to introduce a new grant program for the 2023- 2024 fiscal year: the Creative Sector Flex Fund (CSFF). The CSFF is designed to address the changing needs of dynamic PA arts organizations with average annual revenue between \$10,000 - \$200,000.

This grant program incorporates the current needs of the field by offering grantees the flexibility to use \$5,000 grants in ways that ensure the most significant impact for their organizations and communities.

Eligible uses of funds are flexible, including the support of applicants' administrative, programmatic, and project-related expenses.

Eligibility requirements: Eligible applicants include Arts Organizations and Arts Programs of Non-Arts Organizations. Further details and definitions can be found on the guidelines document linked below.

Enrollment: Applications are submitted through regional PPA partners based on your region within the Commonwealth.

Additional information can be found below:

- <https://www.pa.gov/agencies/coa/grants-and-loans.html>

PENNSYLVANIA COUNCIL ON THE ARTS

Entry to Arts Organizations and Arts Programs

Entry to Arts Organizations and Arts Programs (AOAP) is the point of entry for organizations or programs to the AOAP track. Entry to AOAP supports eligible arts organizations and arts programs that have a history of at least two years of consistent arts/cultural programming.

Eligibility requirements: Eligible applicants include arts organizations and arts programs that have a history of at least two years of consistent arts/cultural programming.

Enrollment: Applications for 2025 closed on February 18, 2025.

PENNSYLVANIA COUNCIL ON THE ARTS

Folk and Traditional Arts Apprenticeships Program

Apprenticeships in Folk and Traditional Arts are grants from the PCA which support the learning of traditional arts within cultural communities across the state. Each grant award provides funding to a partnership between a master traditional artist and a qualified apprentice, enabling them to work together to share and develop advanced techniques or repertoire. Apprenticeships in Traditional Arts grants are offered annually in both performing or craft traditions. Artists who receive the award are also profiled on the statewide Folk Art Infrastructure website.

Eligibility requirements: Eligible applicants are master artists partnering with an apprentice. Funding under this program will support the learning of traditional arts within cultural communities across Pennsylvania.

Enrollment: The application period for this program closed April 14, 2025.

Additional information can be found below:

- <https://www.pa.gov/agencies/coa/grants-and-loans.html>

PENNSYLVANIA COUNCIL ON THE ARTS

Preserving Diverse Cultures Division: Community-Based Engagement Projects

Community-Based Engagement Project Support Grants are designed to engage BIPOC communities in the development and implementation of community-based arts and culture projects. Applicants may apply for artist-initiated projects with a sponsored nonprofit organization. Community projects may include but are not limited to exhibitions, performances, artist-in-community residencies, and murals. Applicants may receive up to \$3,500 for planning and programming.

Eligibility requirements: First-time applicants must submit a Letter of Interest (LOI) and be approved to submit an application. Eligible applicants can apply for funding to support the creation, development, and stabilization of organizations, programs, and projects whose mission and artistic work are deeply rooted in reflective of the perspectives of historically under-represented, diverse cultures including those members who identify as black, indigenous, and people of color. Further information can be found in the guidelines document at the link below.

Enrollment: The application period for this grant closed March 17, 2025.

PENNSYLVANIA COUNCIL ON THE ARTS

Statewide Creative Catalyst Grants

Statewide Creative Catalyst Grants support proposals that incorporate all of the following components:

- Align with one or more of the three goals of the Pennsylvania Council on the Arts:
 - Strengthen Pennsylvania communities through the arts.
 - Connect and increase Pennsylvanians' access to lifelong learning through the arts.
 - Champion public awareness and appreciation of the arts in Pennsylvania communities.
- Demonstrate statewide benefit for the creative sector in Pennsylvania.
- Include mechanisms to implement the PCA's overarching value of diversity, equity, and inclusion.

Up to 25% of the grant can be used for administrative expenses. A one-to-one match is required.

Eligibility requirements: Eligible applicants include nonprofits that do not pay taxes, government units, colleges or universities, school districts, and nonprofits that provide arts programs or services in Pennsylvania. These entities can apply for funding to support new initiatives and opportunities that advance strategies for strengthening the cultural, educational, or economic vitality of Pennsylvania's communities throughout the arts.

Enrollment: The application period for this grant closed March 17, 2025.

PEMA

Pennsylvania Emergency Management Agency

The Pennsylvania Emergency Management Agency (PEMA) helps communities and citizens mitigate against, prepare for, respond to, and recover from emergencies including natural disasters, acts of terrorism, or other human-made disasters. PEMA supports county emergency management agencies by coordinating and engaging with the whole community.

Additional information can be found below:

- <https://www.pema.pa.gov/Grants/Pages/default.aspx>.

Building Resilient Infrastructure and Communities

Building Resilient Infrastructure and Communities (BRIC) program is a new FEMA pre-disaster hazard mitigation program that replaces the existing Pre-Disaster Mitigation (PDM) program. The BRIC program is an annually funded nationwide competitive grant program; a federal disaster declaration is not required. The BRIC program guiding principles are supporting communities through capability- and capacity- building; encouraging and enabling innovation; promoting partnerships; enabling large projects; maintaining flexibility; and providing consistency. The overall goal of this non-disaster grant is to reduce overall risk to the population and structures from future hazard events, while also reducing reliance on federal funding in future disasters. As with the Flood Mitigation Assistance program, this program is open to any local government or eligible organizations; individuals cannot apply directly for the program. The federal cost share for a PDM project is 75 percent. At minimum, a FEMA-approved local flood mitigation plan is required before a project can be approved. Some funding is available for planning.

Only the Commonwealth of Pennsylvania may apply as an applicant. Sub-applications must come from local governments or other eligible organizations; individuals cannot apply directly for the program.

Eligibility requirements: Eligible applicants include only the Commonwealth of Pennsylvania. Applications must come from local governments or other eligible organizations; individuals cannot apply directly for the program.

Enrollment: The next opening date of enrollment has not been determined.

Cybersecurity Grant Program

The federal government created the State and Local Cybersecurity Grant Program to help state and local governments:

- Address cybersecurity risks
- Strengthen cybersecurity of critical infrastructure
- Ensure resilience against persistent cyber threats to services governments provide their communities.

Starting in year two of this program, local governments will be able to apply to the Commonwealth to participate in cybersecurity projects identified by the committee.

Eligibility requirements: Eligible applicants include state and local governments. These entities can apply for funding that addresses cybersecurity risks, strengthens cybersecurity of critical infrastructure, and/or ensures resilience against persistent cyber threats to services governments provide their communities.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/pema/cybersecurity-grant.html>

Emergency Management Performance Grant

The Emergency Management Performance Grant (EMPG) encourages the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the states and by county governments. Funds under this program are appropriated by Congress for allocation to the states by the Federal Emergency Management Agency (FEMA).

The states, in turn, are responsible for subgranting these funds to county emergency management organizations for reimbursement of salaries and benefits. Grants are available on a 50 percent matching basis. Eligible entities are all county governments within the Commonwealth of Pennsylvania.

Eligibility requirements: Eligible applicants include county emergency management organizations. These entities can apply for funding that encourages the development of comprehensive disaster preparedness and assistance plans, programs, capabilities, and organizations by the states and by county governments.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/pema/emergency-management-performance-grant.html>

Hazardous Material Response Fund

The Hazardous Material Response Fund (HMRF), supported by fees assessed to the chemical industry, is designed to provide supplemental emergency preparedness funding for chemical emergency preparedness at county and state levels.

These funds are to be used for the preparation of chemical emergency plans by local emergency planning committees (LEPCs) and industry, acquisition of hazardous material response team equipment, public Right-to-Know education, chemical industry awareness and compliance, and the conduct of training and exercises.

Eligible entities are all county governments within the Commonwealth of Pennsylvania. The grant application period is in January of each calendar year.

Eligibility requirements: Eligible applicants can apply for funding to better prepare for chemical emergencies.

Enrollment: Applications are accepted on a rolling basis.

Additional information can be found below:

- <https://www.pa.gov/services/pema/hazmat-response-grant.html>

Contact Information:

Email: RA-DGMhmgrants@pa.gov

Hazard Mitigation Grant Program

The Hazard Mitigation Grant Program (HMGP) is a grant that requires a federal disaster declaration. The purpose of HMGP is to help communities implement hazard mitigation measures following a Presidential Major Disaster Declaration in the areas of the state, tribe, or territory requested by the Governor or Tribal Executive. The key purpose of this grant program is to enact mitigation measures that reduce the risk of loss of life and property from future disasters.

Once a federally declared disaster is provided to the Commonwealth, municipalities which adopted the county's Hazard Mitigation Plan are eligible. Only the Commonwealth of Pennsylvania may apply as an applicant. Sub-applications must come from local governments or other eligible organizations; individuals cannot apply directly for the program. This program is open to any local government or eligible organizations; individuals cannot apply directly for the program.

Eligibility requirements: Eligible applicants include municipalities which adopted their county's Hazard Mitigation Plan upon granting of a federally declared disaster. These entities can apply for funding for eligible projects according to program guidelines.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/agencies/pema/emergency-managers/grants/hazard-mitigation.html>

Contact Information:

Email: RA-shazmitoff@pa.gov

Hazardous Materials Emergency Preparedness Planning and Training Grants

The purpose of this grant program is to increase effectiveness in safely handling hazardous materials accidents and incidents, enhance implementation of the Emergency Planning and Community Right-to-Know Act of 1986 (EPCRA), and encourage a comprehensive approach to emergency training and planning by incorporating the unique challenges of responses to transportation situations.

Eligibility requirements: Eligible entities are all county governments within the Commonwealth of Pennsylvania.

Enrollment: The grant application period is in the spring of each year, dependent on the timing of federal announcement.

Additional information can be found below:

- <https://www.pa.gov/services/pema/hazmat-prep-grant.html>

Contact Information:

Email: RA-DGMhmgrants@pa.gov

High Hazard Potential Dams Grant

The objective of this program is to reduce or eliminate the risk of eligible, high hazard potential dams. The National Dam Safety Program, run by the Federal Emergency Management Agency, protects lives and property from the risks associated with dams.

The Rehabilitation of High Hazard Potential Dams Program makes federal funds available to states for pass-through to non-federal government organizations and nonprofits. The funds are for the rehabilitation of eligible, high-hazard potential dams that don't meet minimum state dam safety standards, posing unacceptable risk to life and property.

Applicants must have a High Hazard Potential Dams Program hazard mitigation action in their county's FEMA-approved county hazard mitigation plan and must have participated in and adopted the county hazard mitigation plan as a special district.

Eligibility requirements: Eligible applicants can apply for funding for the rehabilitation of eligible, high-hazard potential dams that don't meet minimum state dam safety standards and pose an unacceptable risk to life and property.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/pema/high-hazard-dams-grant.html>

Homeland Security Grant Program

The State Homeland Security Grant Subprogram (SHSP) supports state, local, tribal, and territorial preparedness activities that address high priority preparedness gaps across all core capabilities that support terrorism preparedness.

The grant application period is in the spring of each year, dependent on the timing of federal appropriations/announcement. The grant application announcement will be via email to eligible entities, with submission in the Electronic Single Application.

Eligibility requirements: Eligible entities are county governments within the respective Commonwealth of Pennsylvania Regional Task Forces as established following Title 35. Eligible entities must ensure and maintain the adoption and implementation of the National Incident Management System (NIMS). Eligible applicants can apply for funding to support efforts to prevent terrorism and other catastrophic events, and to prepare the nation for the threats and hazards that pose the greatest risk to the security of the United States.

Enrollment: The grant application period is in the spring of each year, dependent on the timing of federal announcement.

Additional information can be found below:

- <https://www.pa.gov/services/pema/homeland-security-grant.html>

Pre-Disaster Mitigation Grants

This is an annual congressional grant that makes federal funds available to state, local, tribal, and territorial governments to plan for and implement sustainable, cost-effective measures.

The goal of this program is to reduce the risk to people and property when it comes to future natural hazards, while also reducing reliance on federal funding. This funding is offered in addition to funds provided through other Federal Emergency Management Agency grant programs for projects that will support growing mitigation needs nationwide.

Eligibility requirements: Eligible applicants can apply for funding to plan for and implement sustainable cost-effective measures to reduce the risk to individuals and property from future natural hazards. During the application window, applications can be submitted in accordance with the guidelines through FEMA.

Enrollment: Application periods typically open in March and close in April.

Additional information can be found below:

- <https://www.pa.gov/services/pema/pre-disaster-grant.html>

FISH AND BOAT COMMISSION

Pennsylvania Fish and Boat Commission

The Pennsylvania Fish and Boat Commission is an independent Commonwealth agency comprised of ten Commissioners appointed by the Governor and approved by the Legislature. The mission of the Pennsylvania Fish and Boat Commission is to protect, conserve, and enhance the Commonwealth's aquatic resources and provide fishing and boating opportunities.

Additional information can be found below:

- <https://www.fishandboat.com/Transact/Grants/Pages/default.aspx>.

FISH AND BOAT COMMISSION

Boating Facility Grant Program

The Pennsylvania Fish and Boat Commission (PFBC) created the Boating Facility Grant Program to provide grants for the planning, acquisition, development, expansion, and rehabilitation of public boating facilities located on the waters of the Commonwealth. The goal of the program is to ensure Pennsylvania's recreational boaters have the highest quality boating facilities.

Boating Facility Grants are available to public entities, including townships, boroughs, municipal and county governments as well as to nonprofit groups (501c3) including land trusts, conservancies and watershed associations that have or will have the capability to provide boat access facilities that are open and available for general public use.

Grants cover up to 50% of costs for land acquisition, project design and engineering, development, expansion, and construction of public recreational boat access facilities. Eligible activities include the rehabilitation, expansion or construction of new boat ramps, bulkheads, courtesy floats, access roads, parking areas, restrooms, signs, and localized landscaping. All construction activities must benefit and directly support recreational boating. Eligible projects must occur on land owned by the project sponsor, or where the sponsor has a long-term lease or agreement on the site. Grant funds are for major site improvements and are unavailable for routine maintenance or operational activities.

Eligibility requirements: Eligible applicants can apply for funding to provide grants for the planning, acquisition, development, expansion and rehabilitation of public boating facilities located on the waters of the Commonwealth.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/fishandboat/boating-facility-grant.html>

FISH AND BOAT COMMISSION

Boating Infrastructure Grant Program

The Boating Infrastructure Grant Program provides grants for transient moorage (tie-ups) serving recreational motorboats 26 feet and longer. Transient means passing through or by a place, staying 10 days or less. The program is administered in Pennsylvania by the Pennsylvania Fish and Boat Commission, in cooperation with U.S. Department of Interior's U.S. Fish and Wildlife Service.

Grants may be made to public and private operators of open-to-the-public boating facilities: municipal agencies (cities, towns, counties, etc.), state agencies (State Parks, DNR, Fish & Wildlife, etc.), and other government entities.

There are two "tiers" of grant support. Tier 1 provides funding for small-scale projects. Up to \$100,000 is available annually to each state. Tier 2 is for projects that request more than \$100,000. Tier 2 projects compete nationally in a process managed by the US Fish and Wildlife Service.

Eligibility requirements: Eligible applicants can apply for funding for transient tie-ups serving recreational motorboats 26 feet and longer.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/fishandboat/boating-infrastructure-grant.html>

FISH AND BOAT COMMISSION

Clean Vessel Act (Pumpout Grant Program)

Clean Vessel Act grant funds are available to both the public and private sector. This includes all local governmental entities and private businesses that own and operate boating facilities. To participate in this program, the pumpout stations must be open to the general boating public.

Grants will reimburse recipients for up to 75% of the installation cost of pumpout and dump stations. This includes the cost of new equipment, or the renovation or upgrading of existing equipment, as well as necessary pumps, piping, fitting, lift stations, on-site holding tanks, pier or dock modifications, signs, permits and other miscellaneous equipment needed for a complete and efficient station.

Eligibility requirements: Eligible applicants can apply for funding to help reduce pollution from boat sewage discharges into the United States waters.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/fishandboat/pumpout-grant.html>

FISH AND BOAT COMMISSION

Cooperative Nursery Grants

Requests from organizations involved in the Pennsylvania Fish & Boat Commission's (PFBC) Cooperative Nursery Program may be considered for grants from the PFBC. The PFBC reserves the right to determine the eligibility of a project for support. Grants will be for a maximum of \$3,000.

The Cooperative Nursery Unit (CNU) staff review grant applications each year. To be considered for funding, a completed application (PDF) must be in the Cooperative Nursery Unit office by the date specified in the application memo from the unit (this letter will accompany grant applications).

Eligibility requirements: Eligible applicants can apply for funding to support projects outlined in program guidelines.

Enrollment: Application memos are sent to sponsors in February or March.

FISH AND BOAT COMMISSION

R3 Grant Program

Recruitment, retention, and reactivation (R3) of anglers and boaters is important to the Pennsylvania Fish and Boat Commission (PFBC). The R3 Education Grant Program (R3 Grant) provides funding to support R3-related educational programs delivered by our partners. Supporting partners in their efforts to deliver such programming significantly increases the number of learning opportunities provided to current, past, and future anglers and boaters.

Education programs play a role in R3 by providing experiences that increase fishing knowledge and skills, facilitate social support, and provide information on angling and boating opportunities close to home. The Commission established this grant program to help others start new R3 education programs, or to expand their existing efforts.

The R3 Grant will reimburse qualifying organizations up to \$25,000 for eligible program expenses for the period ending June 30, 2023. The grants require a minimum of 25% cash or in-kind match of staff time and/or other project expenses. Requests for amounts greater than \$25,000 may be considered.

Eligibility requirements: Eligible applicants can apply for funding to support R3-related educational programs delivered by program partners in their efforts to increase learning opportunities for current, past, and future anglers and boaters.

Enrollment: The next opening date of enrollment has not been determined.

Additional information can be found below:

- <https://www.pa.gov/services/fishandboat/r3-grant.html>

PHEAA

Pennsylvania Higher Education Assistance Agency

The Pennsylvania Higher Education Assistance Agency (PHEAA) was created by the Pennsylvania General Assembly in 1963 to provide affordable access to higher education for PA students and families. Through the years, PHEAA has evolved into one of the nation's leading providers of student financial aid services, including the Commonwealth's state-based student loan program. PHEAA also serves millions of students through guaranty, servicing, financial aid processing, and other programs.

PA State Grant Program

The PA State Grant Program is a financial assistance program that provides funding to eligible Pennsylvanians and helps them afford the costs of higher education at the undergraduate level. PHEAA administers the PA State Grant Program at no cost to taxpayers, ensuring that every dollar appropriated to the program goes directly to students.

Funding for the PA State Grant Program may be paid in part or in whole by the Commonwealth of PA. To be considered for a PA State Grant, you must fill out the FAFSA® (Free Application for Federal Student Aid) and complete the PA State Grant Form. Most renewal students do not have to complete the PA State Grant Form.

Eligible applicants for funding must meet the following requirements:

- Be a Pennsylvania resident
- Be enrolled at least half-time
- Be enrolled in a PHEAA-approved program
- Be a high school graduate or have a GED
- Meet financial need criteria
- Make satisfactory academic progress
- Not have already earned a bachelor's degree
- Be of satisfactory character
- Not have received the maximum number of PA State Grants
- Not be in default or pending default on an educational loan

Enrollment:

- **Summer term:** The application for the PA Summer State Grant Program is available online from mid-March to August 15. To be eligible, you must be enrolled at least half-time
- **Fall and spring term:** The FAFSA must be submitted by May 1, or June 1 for the 2024-2025 year
- **Community colleges and designated Pennsylvania Open-Admission institutions:** The FAFSA must be submitted by August 1
- **Business, trade, or technical schools, hospital schools of nursing, or 2-year programs:** The FAFSA must be submitted by August 1

Pennsylvania Historical & Museum Commission

The Pennsylvania Historical and Museum Commission (PHMC) is the official history agency of the Commonwealth of Pennsylvania. Created in 1945, PHMC is responsible for the collection, conservation, and interpretation of Pennsylvania's historic heritage, which they accomplish through the Pennsylvania State Archives, the State Museum of Pennsylvania, the Pennsylvania Trails of History (historic sites and museums), the Pennsylvania State Historic Preservation Office, and the Bureau of Management Services. As the state's history agency, it is PHMC's mission to discover, protect and share Pennsylvania's past, inspiring others to value and use our history in meaningful ways.

Additional information can be found below:

- <https://www.phmc.pa.gov/Preservation/Grants-Funding/Pages/default.aspx>.

Cultural and Historical Support Grant Program

This grant program uses funds placed in PHMC's operating budget by the state legislature and is restricted for this purpose only. Working in concert with legislative leadership to determine the best way to distribute these limited funds, applicants must meet organizational eligibility requirements, and awards are based on a calculation that uses the operating budget from the most recently completed fiscal year.

Eligibility requirements: Eligible applicants can apply for funding for qualified museums and official county historical societies under guidelines established by the program.

Enrollment: The Cultural and Historic Support Grant program typically accepts applications annually beginning in early July and closing near the end of August.

Additional information can be found below:

- <https://www.pa.gov/services/phmc/apply-for-a-cultural-and-historical-support-grant.html>

Keystone Historic Preservation Planning Grants & Keystone Historic Preservation Construction Grants

As established under the Keystone Recreation, Park and Conservation Fund, funding under the Keystone Historic Preservation Planning and Construction Grant programs is available to nonprofit organizations and local governments for the planning and development for publicly accessible historic resources listed in or eligible for listing in the National Register of Historic Places or for small construction projects for publicly accessible historic resources.

The purpose of Planning Grants are to support projects that identify, preserve, promote, and protect historic and archaeological resources of Pennsylvania for both the benefit of the public and the revitalization of communities.

The purpose of Construction Grants are to support projects that rehabilitate, restore, or preserve historic resources listed in or eligible for listing in the National Register of Historic Places.

Eligibility requirements: Eligible applicants can apply for funding according to program guidelines. Eligible applicants may apply for only a Keystone Historic Preservation Planning Grant OR a Keystone Historic Preservation Construction Grant, not both. The application due dates for both applications was March 3, 2025. The next application period has not yet been announced. Applicants meeting the relevant eligibility requirements may also apply for support through the Certified Local Government Grant Program.

Enrollment: Applications are accepted on a rolling basis.

Historical & Archival Records Care Grants

The Historical & Archival Records Care Grant Program is administered by the Pennsylvania State Historical Records Advisory Board (SHRAB) with funding provided by PHMC. Grant awards will be used to improve the preservation of historically valuable original records.

The grants are administered on a competitive basis, and funding for the awards is for two years. Grants will be awarded based on review of the application by a sub-committee(s) of the SHRAB. Please note that works-of-art, textiles, artifacts and museum objects are not eligible.

Eligibility requirements: Eligible applicants can apply for funding according to program guidelines.

Enrollment: The next opening date of enrollment has not been determined.

Certified Local Government Grant Program

The FFY2024 Project Grant Guidelines and Instructions describe the applicant eligibility requirements, project types, matching requirements, other terms and conditions, and application process for the Certified Local Government (CLG) Grant program. The CLG Grant Program provides financial support to participating communities to develop the tools, products, programs, and services they need to administer their local preservation programs effectively and in accordance with the CLG Guidelines and Procedures.

Eligibility Requirements: Eligible projects include design guidelines, revitalization and preservation plans, comprehensive plan elements, historic resource surveys, National Register nominations, and training programs.

Enrollment: The application period closed February 1, 2024. The next opening date of enrollment has not been determined.

PENNSYLVANIA LIQUOR CONTROL BOARD

Pennsylvania Liquor Control Board

The mission of the PLCB is to responsibly sell wine and spirits as a retailer and wholesaler, regulate Pennsylvania's alcohol industry, promote alcohol education and social responsibility, and maximize financial returns for the benefit of all Pennsylvanians. The PLCB regulates the manufacture, importation, sale, distribution and disposition of liquor, alcohol, and malt or brewed beverages in the commonwealth. The agency issues licenses to private individuals or entities that wish to engage in wholesale operations of beer, either as an importing distributor or as a distributor. The agency is also responsible for wholesale distribution of wine and spirits, which licensees may pick up from state- operated Fine Wine & Good Spirits stores or licensee service centers or have delivered from PLCB distribution centers.

Additional information can be found below:

- <https://www.lcb.pa.gov/Education/Programs/Pages/Grants.aspx>

PENNSYLVANIA LIQUOR CONTROL BOARD

Grants for Reducing Underage and Dangerous Drinking

Since inception of the grants program in 1999, the PLCB has awarded more than \$21.1 million in alcohol education grants to fund programs that focus on proven strategies to discourage and reduce both underage and dangerous drinking. Grants are awarded to schools, community organizations, municipalities, law enforcement organizations, non-profit organizations, institutions of higher education and for-profit institutions, and grant-funded initiatives have included increased police patrols, social norms campaigns, "Parents Who Host, Lose the Most" campaigns, college alcohol assessment surveys, online alcohol education programs, peer training and more.

Eligibility requirements: Eligible applicants can apply for funding that discourages and reduces underage and dangerous drinking.

Enrollment: The next opening date of enrollment has not been determined.

PENNVEST

Pennsylvania Infrastructure Investment Authority (PENNVEST)

Since its inception, PENNVEST has continued its service to the communities and citizens of Pennsylvania by funding sewer, storm water and drinking water projects throughout the Commonwealth. These projects not only contribute to improving Pennsylvania's environment and the health of its people, but they also provide opportunities for economic growth and jobs for Pennsylvania's workers.

PENNVEST's low-cost financial assistance helps make the water that is consumed every day by thousands of Pennsylvanians safe to drink. It helps clean rivers and streams in communities for the enjoyment of our citizens and the protection of our natural resources. PENNVEST funding also assists businesses to locate and expand their operations in Pennsylvania to create permanent, well-paying jobs for our workers.

PENNVEST has been empowered by the Pennsylvania Infrastructure Investment Authority Act (Act 16 of 1988) to administer and finance the Clean Water State Revolving Fund (CWSRF) and the Drinking Water State Revolving Fund (DWSRF) pursuant to the federal Water Quality Act of 1987, as well as to administer American Recovery and Reinvestment Act of 2009 (ARRA) funds. PENNVEST also finances, through the issuance of special obligation revenue bonds, water management, solid waste disposal, sewage treatment and pollution control projects undertaken by or on behalf of private entities.

Contact Information:

To contact PENNVEST, you can also find additional contact information at <https://www.pa.gov/agencies/pennvest/contact-pennvest.html>.

Redevelopment Assistance Capital Program

The Redevelopment Assistance Capital Program (RACP) is a Commonwealth grant program administered by the Office of the Budget for the acquisition and construction of regional economic, cultural, civic, recreational, and historical improvement projects. RACP projects are authorized in the Redevelopment Assistance section of a Capital Budget Itemization Act, have a regional or multi-jurisdictional impact, generate substantial increases or maintain current levels of employment, tax revenues, or other measures of economic activity. RACP projects are state-funded projects that cannot obtain primary funding under other state programs.

RACP projects must have a minimum 50% non-state participation, of which at least one-half must be secured funding. RACP projects must have a total project cost of at least \$1 million. A project is eligible for RACP funding only if that project has been itemized in a Pennsylvania Capital Budget Project Itemization Act, such itemizations have remaining “Project Allocation” amounts and have not been statutorily “sunset” according to Act 77 of 2013. Candidates who have an authorized and eligible project will need to submit an e-RACP Application to the Office of the Budget. Please refer to our website for more detailed information on eligibility, funding schedules, and submission requirements.

There is a 30-day “public comment period” after the closing of an e-RACP Application window until an award can be made. Once the initial review of all the projects has been completed and the public comment period has closed, the Office of the Budget will forward a complete listing of projects and summaries to the Administration for grant award consideration.
